Enemy Feed Line Into Italy Target For Air Assaults

Four to Five German Divisions Along a Front From Coast To Coast Putting Up Increased Resistance To Fifth Army

BRENNER PASS AGAIN BLOCKED BY FORTRESSES

By WES GALLAGHER

Allied Headquarters, Algiers, Oct. 5.—(P)—Powerful northwest African air armadas—some flying from Italian bases—in a thundering two-play attack hammered Nazi airfields in Greece and blocked the German reinforcement road into Italy by smashing bridges in the Brenner Pass rail city of Bolzano, it was announced today.

On the land in Italy, American troops who crossed the Calore river drove nine miles southwest of Benevento yesterday to seize

FRANKFURT IS BLASTED 38TH TIME BY R.A.F.

Another Great Load of Bombs Dropped Upon War Production Center in Germany

LUDWIGSHAFEN HIT

BY ROBERT STUDEVAULT

London, Oct. 5.—(P)—Roaring over the blasted German city of Frankfurt less than 12 hours after American Flying Fortresses delivered a precision blow there, R.A.F. heavy bombers last night dumped another load upon the war production center while a smaller fleet of night bombers struck Ludwigshafen.

The Germans could scarcely have had time to put out the fires and reorganize their defenses after the American daylight attack on the important Frankfurt warplane factory when the R.A.F. returned to the scene and gave the city its 38th battering of the war, and the fourth major British blow is as many nights.

The great bomber fleet ranged over much of the Rhineland during the night delivering the main attack on Frankfurt—exceeding 500 tons—and a force of Lancasters made a subordinate raid on Ludwigshafen which, with its twin city of Mannheim across the river, has been blasted 59 times previously.

From all of these operations, which included Mosquito attacks on other objectives in northwest Germany, 12 airplanes failed to return.

Ludwigshafen and Frankfurt are almost equidistant from Britain—between 420 and 450 miles. Ludwigshafen is located on the Rhine about 50 miles due south of Frankfurt on the River Main.

Berlin acknowledged today that last night's R.A.F. raid on Frankfurt was "severe."

Once more the R.A.F. slit its force between two targets using the strategy of confusion against the harried German defenses by hitting Frankfurt in only a matter of a few hours after American Flying Fortresses.

Beheading of American By Japs Revealed

BY C. YATES McDANIEL

Allied Headquarters in the Southwest Pacific, Oct. 5.—(P)—The names that won't be forgotten by the men who fly for General Douglas MacArthur.

Komai and Tsukioka were the Japanese officers responsible for the beheading of a young American airman according to the "Sanudai code" of the Nipponese, the code of feudal warriors.

The shocking execution came to light in the diary of a captured Japanese soldier who had to admit in his bloody recital that the American was "more composed than I thought he would be."

(The execution was the first such violation of international law reported since last April when it was announced that the Japanese had executed several American fliers captured in the bombing of Japan a year before.)

SIX BISHOPS RESIGNING

Cleveland, Oct. 5.—(P)—The House of Bishops of the Protestant Episcopal church has accepted the resignation of six diocesan bishops because of ill health or advanced age. They include Bishop Alexander Mann of Pittsburgh and Bishop Hunter-Wyatt-Brown of Harrisburg, Pa.

Knox Sees War Ruins in Italy

(U. S. Army Signal Corps Radio-Telephoto from NEA) Navy Secretary Frank Knox views ruins at Battipaglia during a tour of the war front in Italy. With him in the jeep are Lieut.-Gen. Mark W. Clark, front-line chief, left, and Vice Admiral Henry K. Hewitt, American naval chief in the Mediterranean.

Large Gist of Business Is Considered at Meeting Of Boro Council Monday Evening

The gavel of President Forest Waite fell exactly at 7:31 last evening and the town council handled a big gist of business and adjourned just 78 minutes later. For handling matters in a business-like way the present council is entitled to a medal. Its handling of the finances of the city is also open to commendation. The finance committee is making a record in its work and at almost every meeting reports are made of the retirement of a bond or two, which is cutting down the interest payments of the city and its outstanding indebtedness.

Last evening the committee reported that the funds that were static due to war conditions were being put into short term treasury bonds bearing 2½ per cent interest as against one-half of one per cent interest if held in local institutions. This is idle money which cannot be used for any purpose other than it is set aside for and cannot be spent at present. The borough now holds \$130,000 worth of the short term bonds. The funds invested are those of the permanent street improvement fund, the park commission fund, and money from the sinking fund. This is all put to work for the city until it can be used for the purposes for which it is apportioned.

It was reported that the general fund now contains \$99,259.98; the sinking fund \$10,439.60 and the park fund \$5,698.04. Bills amounting to \$63,321.83 were ordered paid. In this amount was \$4,000 paid out for the retirement of bonds of the issue of 1935.

Reports were also made that the retaining wall on Parker street, which was reported to be in bad shape some time ago, was on private property and the borough is not liable for any part of its rebuilding.

The street committee reported that trouble was being experienced in securing men to take care of the leaves, etc. The railroad crossings on Fourth avenue and the tracks of the New York Central on Fourth avenue were reported as having been in bad shape and the Pennsylvania and New York Central railroads have both arranged to take care of them and put them in good shape.

Backwater from the sewers on Lexington avenue which has caused damage to property in that section will be relieved by cleaning out the sewer on Madison avenue, which is filled with sand and gravel. Thirty-six arrests were made by (Turn to Page Seven)

Tin Can Wednesday!

Tomorrow is Tin Can Wednesday.

It is Tin Can Wednesday not only in the borough of Warren but in most of the communities in the county except for North Warren and Tidoute. It is the day for the big county-wide tin can collection, with a goal of 20 tons of cans.

W. T. Corbett, chairman of the County Salvage Committee, urged Warren county housewives to make this one of the most successful pick-ups to date, 20 tons of cans, he pointed out, mean nearly a quarter of a million of them. He called attention to a recent statement by Donald M. Nelson, chairman of the War Production Board, who said that enough steel goes into tin cans in the United States every year to build 900 destroyers. Mr. Nelson further stated that,

in spite of the efforts of salvage committees all over the nation, 2 out of 3 used cans are still being thrown away. The present salvage rate of 200 million cans a month must be doubled at once if scheduled are to be maintained and steel mills are to keep operating. Mr. Nelson said.

It is hoped that every curb in Warren borough and the other communities in the county will boast a neat pile of cans early Wednesday morning, so that the volunteer trucks and workers may complete collections rapidly and without delay.

Cans should be processed by washing, removing the labels, removing the ends, and flattening. In other words, "Save 'em, wash 'em, squash 'em, and curb 'em."

HOUSE SCRAPS TAX PROGRAM AS TOO LARGE

Ways and Means Committee Begins Drafting Revenue Measures Of Its Own

HAS CHILLY RECEPTION

Washington, Oct. 5.—(P)—A ten per cent "victory" retail sales tax estimated to yield \$6,000,000,000, was proposed to congress today by M. L. Seidman, chairman of the tax committee of the New York board of trade.

Seidman appeared before the house ways and means committee after the treasury's proposal for \$10,500,000,000 in additional income and excise levies appeared to have been virtually scrapped by adverse congressional reaction.

Seidman apparently offered his sales tax plan as a substitute for the treasury proposal.

The witness opposed compulsory savings, any increase in the withholding from wages and salaries, excess profit taxes and any hike in the top brackets of personal income taxes.

Seidman appeared as the first witness as the ways and means committee began drafting a revenue measure of its own.

The administration plan was toppled shortly after it was launched, when Rep. Doughton (D-NC), leading congressional tax authority, termed it "ambitious" and in some respects "indefensible."

Equally chilly was the reception on the Republican side of the committee. Rep. Carlson (R-Kas) said "I don't think we can add this burden upon the middle class group. We had better start looking for economies. We won't be able to raise more than \$4,000,000,000 in additional taxes."

As Economic Stabilization Director Fred M. Vinson prepared to go before the committee in an effort to salvage as much as possible of the administration program, new talk was heard of a drive to enact a federal sales tax. One of Vinson's chief arguments is expected to be that higher taxes are needed to stave off an inflation threat.

Presented by Secretary of the Treasury Morgenthau and Randolph Paul, treasury general counsel, the administration program proposed an increase of about 40 per cent in the amount of federal revenue to be taken from personal incomes, with surtax rates to be more than doubled for individuals with taxable income between \$1,000 and \$6,000.

It asked for steep increases in levies on corporation and on such articles as liquor and tobacco products. (Turn to Page Seven)

Evacuation Of Corsica Is Admitted

London, Oct. 5.—(P)—The Germans acknowledged today the evacuation of Corsica, picturing it as a semi-voluntary and "operative masterpiece"—but that strategic island was firmly in Allied hands, a possible invasion springboard into southern France, or the northern Italian coast.

French troops, reclaiming another segment of French territory, won the last big town of Bastia yesterday, and remaining enemy pockets were wiped out by the French, American, rangers, and Italian troops of Premier Marshal Pietro Badoglio.

Corsica will give the Allies additional and easy-range bases for bombing the Germans at Nice, Genoa, La Spezia, and Leghorn in one-hour jaunts. This birthplace of the conqueror Napoleon also is a potential base for amphibious operations. The island, 112 miles long and 52 wide, is about 110 miles from the French coast, and 50 miles from Italy.

Berlin declared the last German troops were evacuated to the Italian mainland Sunday night to "help in defending the European southern flank."

STATE IS WELL OVER GOAL IN BOND DRIVE

Philadelphia, Oct. 5.—(P)—Pennsylvania's subscriptions in the Third War Loan drive stood today at 1,061,559,085, or 104.2 per cent of its quota, with final reports from many districts still missing.

Seven new singers will be introduced. Six of them are American. Among the new recruits is Donald Dame, Titusville, Pa., tenor.

Record Crowd of 70,000 On Hand To See Cards and Yanks In First Game of the Series

By JUDSON BAILEY

Yankee Stadium, New York, Oct. 5.—(P)—The year's outstanding pitcher in the major leagues, Spurgeon (Spud) Chandler, faced one of the toughest southpaws of the National League season, Max Lanier, as the New York Yankees and St. Louis Cardinals opened the 1943 world series today before a capacity crowd of 70,000 fans.

Chandler, a right-hander, won 20 games and lost four during the regular season, while Lanier's record was 15 and 7.

The Cardinals' use of a left-hander on the mound caused Manager Joe McCarthy of the Yankees to alter the lineup used most of the season and place two right-handed hitters, Tuck Stainback and John Lindell, in the outfield.

As both clubs completed their batting practice at 1 p. m., a half hour before game time, and the scheduled starting pitchers—Right-handed Chandler and Lanier—prepared to begin warming up, the betting boys reported a new line that had the Bronx Bombers favored at odds of only 5 to 6½ for the series.

Last year, when the same teams met in the series, New York won the first game with Red Ruffing pitching against Mort Cooper, but the Cards came back to take four straight for the world championship.

Both teams were in good physical shape for the opening of the series and the weather was bright and crisp.

Score by innings: 0 1 0 0 1
Cards 0 0 0 2 0
Yanks 0 0 0 2 0

The lineups:
St. Louis (NL) New York (AL)
Klein, 2b Stainback, rf
Walker, cf Crosetti, ss
Musial, rf Johnson, 3b

Kuroski, 5b Gordon, 2b
Sanders, 1b Dickey, c
Littwhiler, 1b Etten, 1b
Marion, ss Lindell, cf
Lanier, p
Umpires—Rommel (AL) home plate; Reardon (NL) first base; Rie (AL) second base; Stewart (NL) third base.

Tax Optimism Helps Market In Some Spots

BY VICTOR EUBANK

New York, Oct. 5.—(P)—A little more tax optimism helped the stock market in spots today but buying skepticism still was sufficient to keep numerous leaders in the rear ranks.

Ragged trends prevailed at the start and, while there were scattered losses of a point or so, mainly in the air transport group, both minus and plus marks generally were in small fractions near the fourth hour. Activity was under that of Monday.

Prominent on the outside were American Airlines, Eastern Air Lines, Pan American Airways, J. C. Penney, Douglas Aircraft, Bethlehem Steel.

Mrs Holt's Fate In Hands of Jury

Waynesburg, Oct. 5.—(P)—A jury of seven men and five women today began deliberating the fate of Nancy Jeannette Holt, 29, Oklahoma blonde charged with the poison murder of her husband, Jesse, 33.

Judge Challen W. Waychoff, in a charge of almost an hour, told the jurors they could return any one of four verdicts: Innocent, voluntary manslaughter, murder in the second degree or murder in the first degree.

The first degree murder verdict would carry a death penalty, which was asked yesterday by Special Prosecutor James E. Isherwood, who charged the widow "slowly and methodically" had poisoned her husband, a pipeline worker, because of jealousy. The defense claimed Holt died of natural causes, hinting also that he might have killed himself.

TORRANCE DEATH IS BEING INVESTIGATED

Greensburg, Oct. 5.—(P)—Pennsylvania state police and authorities at the Torrance State Hospital today conferred with District Attorney Edward G. Bauer about the death last Sunday night of Nicholas Dutko, 35, of New Castle, an inmate of the state institution after a fight with another patient.

Dutko had been in the hospital since February 24, 1934. John Chrin, state police detective, said Dutko had ordered the other patients to cease washing and a wrestling match developed during which Dutko was knocked to the tile floor.

RAINS IMPEDE OPERATION ON SOVIET FRONT

Russian Armies Facing Autumn Storms Prove Formidable Aid in Halting Hitler Forces

CAPTURE THREE TOWNS

London, Oct. 5.—(P)—Despite heavy autumnal rain which Moscow dispatches said were bogging down the Red army offensive along the 750-mile eastern front, the Germans reported today a resumption of large-scale Soviet attacks in the Kuban bridgehead in the Caucasus and the eruption of "violent fighting" at the mouth of the Pripiet river and west of Smolensk.

The German communiques asserted that Soviet attempts at a break-through in the Kuban were thwarted and that "enemy local attacks" at several points of the northern sector of the eastern front were "frustrated."

The Russians, themselves, however, announced only "en gagements of local importance" in the White Russian region except for a few fierce but isolated tank battles in which Red army troops were said to have forced another river passage near Gomel, killed nearly 4,000 Germans and captured three towns.

Ground activity in White Russia had slowed down to what a Russian communique termed "engagements of local importance" with the exception of a few fierce but isolated tank battles in which Red army troops were said to have forced another river passage near Gomel, killed nearly 4,000 Germans and captured three towns.

Enemy resistance appeared to have stiffened both in White Russia and along the Dnieper river wall in the Ukraine, but there was every indication both in the Moscow war bulletin and dispatches from the front that heavy rains were playing their part in slowing down Soviet operations, especially in the bog-infested White Russian terrain.

Russian warplanes, however, took to the air yesterday to pound the last German remnants fleeing from the western Caucasus to the Crimea. They sank six barges carrying troops and war supplies, destroyed more than 100 trucks and armored vehicles, and dispersed ground troops concentrations, the Soviet bulletin declared.

A Berlin broadcast admitted the abandonment of Etaro-Tamanskaya, virtually the last German base on the Tama Peninsula opposite the Crimea.

While bad weather and fierce Nazi resistance had slowed the Red army for the first time since the capture of Orel, the hull gave the Russian command an opportunity of preparing for the next (Turn to Page Seven)

Take Shackles off American Press Rep. Gavin Urges

Washington, Oct. 5.—(P)—Representative Gavin (R-Pa.) recommended to congress that it abolish the Office of War Information (OWI) "and turn over to an American untrammelled press, where it rightfully belongs, the handling of the news."

Speaking in the house on observance of newspaper week, Gavin declared that Americans "are given the fullest measure of control of their existence through the public newspapers."

"During this 'Newspaper Week' the congress should resolve to take the shackles off the American press and that America shall be told what they want to know, and that is the 'truth' of what's happening."

"Over the years the American Press" has given a magnificent performance and they deserve our heartfelt thanks rather than the shabby treatment now being dished to them by the 'brilliant intellectuals' of the OWI."

Council Takes Steps Toward Securing An Athletic Field

After an agitation that has been carried on for years were finally taken last night at the meeting of the Town Council which may eventually result in Warren securing an athletic field. President Forest Waite reported that he had been in consultation with the county commissioners relative to the property formerly owned by the Wilburine Oil Company. The property was recently sold for taxes and purchased by the commissioners.

Mr. Waite stated that the property is large enough for a baseball field, football field, tennis courts, etc., and that its development as a post war project would be timely. He called attention to the fact that a prospective manufacturing plant had also been looking at the property and might take it over. In that event the city would instruct its committee studying the project to cooperate in every way with the manufacturing concern.

Members of Council Robert Truster and Harold Hampson both spoke in favor of the appointment of a committee to look into the matter and President Waite named Messrs. Krebs, Rice and Carlson. They will confer with the county commissioners and endeavor to secure the land.

Confidence in your appearance is essential these hard-living, more active days! GET THAT FEELING with the perfectly draped precision fit that is Town-Clad! More, feel an EXTRA pride in your investment, knowing that Town-Clads are durable, stamina-packed all wool worsteds, and priced RIGHT for your wartime budget!

Pastor At Russell Is Honor Guest

Russell, Oct. 5—A reception was held at the Methodist church Friday evening to honor the new minister, Rev. Philip Schlick, and his wife, who have been sent here from Sheridan, N. Y.

The Youth Fellowship was in charge of the program, which was announced by its president, Irene Way. After the hymns, "Sweet Hour of Prayer", Edwin Branstrom called on the various organizations of the church and the school faculty to tell of their affiliation with the church program and extend a welcome. Mrs. Clara Wright was the oldest member present.

The program continued as follows: Vocal solo, Mrs. Floyd Lindquist, accompanied by Mrs. Chas. Titchner; reading, Mrs. G. Siegworth; piano duet, Mrs. Titchner and Constance Roberts; harp selection, Margery Randall; welcome, R. C. Huntley and Rev. William Fuller, the latter minister at Landers. Both Mr. and Mrs. Schlick responded.

Refreshments were served by the Ladies' Aid Circle in the dining room.

Warren Men Accepted For U. S. Service

Local draft board number one has announced that another group of Warren county men have been accepted for service in the U. S. Army and Navy. They were in Erie for examination and induction September 28 and the announcement lists the following: (those marked with a star will serve in the Navy).

Jack Dean Ballard, Harold Nielsen Barnes, James Richard Drum, Victor Leo Farrell, Merle Garton Fox, Gall Richard Hansen, Leon Ives Jones, William Reese Neily, Donald Alexander Nelson, Laverne Elmer Peterson.

John Martin Sanden, Vedo Louis Andrea,* Charles John Berarde,* Murry Douglas Cameron,* Charles Lambert Curtis,* Paul Perks Gary,* Kenneth Johnson Hahn,* Clarendon,* Joseph Lorain Bende,* Donald C. Vicini, Gusti Joseph Arrigo,* Jess Bryant Perry, Jr.,* Kinzua,* Keith Monroe Culbertson.

North Warren:—Bernon Nordine.

Russell:—Glenn Wesley Peterson.

Akeley:—Frank Arthur Schroeder.

Grand Valley:—Edward W. DeRosia.

OIL WORKERS DON'T WIN HERO MEDALS

No . . . you get no decoration for drilling an oil well or working in a refinery, but you help the boys get 'em at the far corners of the earth.

No war work on the home front is more important at the fighting front than the production and refining of oil. More and more Pennsylvania Oil is needed. More and more is going to war. The more you help produce and refine, the more you help the boys who are making history overseas.

PENNSYLVANIA GRADE CRUDE OIL ASSOCIATION

No. 5 in a series of special wartime messages to the oil workers of the Pennsylvania region, sponsored by the Pennsylvania Grade Crude Oil Association.

OIL IS AMMUNITION; WITHOUT IT WE WOULD LOSE THE WAR

Curfew Law Urged Before Ministers

With the new president, Rev. J. C. Wygant, presiding, the Warren County Ministerial Association held its first fall session Monday morning in the YMCA.

Rev. B. F. Armstrong voiced the opening prayer, after which a welcome was extended to three new members: Rev. Ernest Ruark, First Baptist pastor; Rev. Philip Schlick, Russell Methodist, and Miss Mary Church, YWCA general secretary.

Henry Candy was heard in an appeal in behalf of the Warren county United War Fund campaign, and the following were named as a committee to cooperate with this effort: Rev. Harold Knappenberger, Rev. Harold C. Warren, Rev. O. C. Minglehoff, Rev. Martin Hamlin and Rev. Arthur Sennewald.

A group representing the WCTU and Grange was present to plead for a curfew law for Warren. The matter was discussed at length but final action was deferred until further study and investigation can be made.

Rev. Wayne Furman reported that the new project of Sunday evening community services in July and August was even more successful than had been anticipated.

Mr. Knappenberger stressed the importance of the leadership training school which is scheduled to begin next Monday evening in the First Methodist church.

On recommendation of Ralph Wagner, representing the Warren Christian Youth Council, a committee of cooperation was named in the persons of Rev. Ruark, Rev. Furman and Dr. H. A. Rinard, with Rev. Ruark as advisor.

The program for the year, as presented by the chairman, Rev. Minglehoff, was adopted and Rev. Furman was elected to serve as secretary of the association. Dr. H. H. Barr closed the session with prayer.

Death Claims A Member Of Pioneer Family

The last member of one of its oldest families and one of its most enterprising and well liked business men was lost to this community last night in the death of Charles E. Keelor, 228 Conewango avenue.

Mr. Keelor had not been in the best of health for the past year. He went Monday afternoon to the Keelor home at Wetmore, where his death occurred shortly after dinner last evening.

Charles Edgar Keelor was born June 24, 1876 in the original Keelor home on Fourth avenue, now the Crossett property, one of a large family of children born to Thomas and Sarah Ward Keelor. He was associated with his father in lumbering and chemical interests in Warren and at Wetmore and, still later, in the development of gas interests.

Following early private schooling, he attended Haverford Academy at Haverford, Pa. In 1925 he was united in marriage with Alice Beaty, daughter of Mr. and Mrs. Orris Weston Beaty, of Warren.

She survives him, with three nieces, Miss Marjorie Keelor, Mrs. Roy Russell and Mrs. Don Keelor, all of Warren; two grand nieces, Marilyn and June Russell, one grand nephew, Frank Russell, Riverdale, N. J.; also a sister-in-law, Mrs. Ben Keelor, of Ridgway.

Removal has been made to the Lutz Funeral Home, where friends may call at any time and from where services will be held at four o'clock Wednesday afternoon. Mr. Keelor was a member of Trinity Memorial Episcopal church of Warren, The Rev. Albert Broadhurst, of Titusville Episcopal church, will conduct the services, and interment will be made in the Keelor lot in Oakland cemetery.

Telephone Employees To Meet Tonight

J. Frank Cox, vice president and general manager of the Bell Telephone Company, will be the principal speaker tomorrow evening at the annual "telephone get-together" which is to be held in the local YWCA activities building.

Approximately 200 telephone employees and their families are expected to be in attendance for this annual event.

Mr. Cox will discuss the war situation and its effect upon telephone service and telephone people. The latest war movies will be shown, followed by music, dancing and refreshments. T. King Morris, Jr., the Warren District traffic superintendent, will be chairman of the meeting.

Obituary

HARRISON W. BURCH

Funeral services were held at one o'clock this afternoon at Kushquea for Harrison Willis Burch, former Warren concert pianist and accompanist, who died early Sunday morning in Buffalo General Hospital following three weeks illness. Interment was made in Pine Grove cemetery at Corry.

Mr. Burch was born at Sparrowsburg June 10, 1889, started the study of piano at the age of 11 and spent the next ten years with prominent teachers. He won a scholarship at the Sherwood School of Music in Chicago and was graduated there. He served as pianist for a time in the Metropolitan Methodist church in Detroit, Mich., and was accompanist and soloist for some of the concert stage's leading soloists.

He spent 20 years on the concert stage and was soloist and accompanist with J. L. Hudson Quartets for 10 years. He came to Warren for special study with Dr. LeRoy B. Campbell and taught in the conservatory here in 1929 and 1930. His many appearances before local musical groups are recalled with pleasure by a large following of friends. After attending a summer normal at Syracuse University, he spent two years playing and teaching in New York and returned to conduct studios in Bradford and Mt. Jewett. A year ago he returned to the employ of the J. L. Hudson Company in Detroit.

During World War I, he was a member of Battery F, 38th Field Artillery. He was affiliated with Daylight Lodge No. 525, F. and A. M., in Detroit, with the Mt. Jewett Rotary Club and was a member and pianist for the Kushquea Union church.

His brother, G. C. Burch, with whom he resided when at Kushquea, is his only close survivor.

LAURA E. L. EVERTS

Mrs. Laura E. L. Everts passed away at her home at 8:15 p. m. Sunday after a short illness of less than one week. Mrs. Everts, the daughter of Hiram B. and Martha E. Lounsbury, was born in Elk township, Warren county, at 16 years of age, on October 29, 1859, she was married to E. D. Everts of Corydon, who preceded her in death December 25, 1926.

Mr. and Mrs. Everts located in Warren in 1904 after he was elected country treasurer and their remaining years were spent at their home at 109 Market street.

Mrs. Everts was a faithful member of First Methodist church, the Isabelle Hazeltine Society, the W. S. C. S., the Y. W. C. A. and the Woman's Benefit Association. Her sister, Miss Nellie E. Lounsbury, at home, is her only survivor.

Services will be conducted at the home by her pastor, Rev. Wayne Furman, Thursday at 2:30 p. m.

WILMER R. FREW

Wilmer R. Frew, 62, well known insurance man connected with the Erie Insurance Company for many years, passed away suddenly from a heart attack at his home, 612 Marshall Drive, Erie, early Saturday morning.

He is survived by his wife; a daughter, Mrs. Marshall Johnson, Brook street, this city; one son, Jack Frew, in Erie; also two grandsons.

The funeral was held from the Hanley Funeral Home in Erie at 3:30 p. m. today.

ALBERT M. MCCOSKEY

Albert M. McCoskey, aged 84 years, died after a brief illness at the home of his daughter, Mrs. Jesse Thompson, of Sugar Grove, early Friday morning. He is survived by three daughters and two sons.

Mr. and Mrs. Thompson left Saturday to accompany the remains to his home in Salem, Ind.

MRS. CARL E. NELSON

Clara Belle Reeves Nelson, wife of Carl E. Nelson, 22 Broadhead street passed away at the family home Monday evening at 8:20 o'clock after an extended illness. In addition to her husband she is survived by one sister, Mrs. Claude Feiro, of Warren.

Mrs. Nelson was a member of the Woman's Benefit Association. Funeral services will be held from the late home Thursday afternoon at 3:30 and interment will be made in Oakland cemetery.

Friends may call at the home any time.

Relief Meeting

The regular meeting of the Warren Relief Association will be held Thursday morning at eleven o'clock at the YWCA.

Will Meet Tonight

The executive committee of the Farm Extension Bureau will hold a meeting this evening at 8 o'clock in the office of the bureau at the Court House.

Townsend Meeting

Townsend Club No. 2 will hold its regular meeting in Townsend Hall, 229 Pennsylvania avenue, west, at 8 p. m. Thursday and all members are asked to be present.

Had Quiet Evening

Police of the city had one of the most quiet evenings last night. There was little going on about the city except putting the silencer on a noisy radio, calming down some rampaging tenants of an East Side landlord and escorting money to the banks. It was all very quiet.

Flew Big Liberator

Lieut. Lloyd Porter, of this city, who was recently in town on a furlough gave Warrenites a peek at a big Liberator bomber Sunday afternoon when he flew one of the big ships over the town. Its roar could be heard a long distance and the plane circled the city several times.

Piggie Finds Home

The naughty little piggie that gave two policemen and group of United Refinery employees a merry chase on Sunday has decided to stay at home. His owner who lives at the foot of Oak street identified the piggie and will secure him today and return him to his own pig sty.

Death Claims A Member Of Pioneer Family

Removal has been made to the Lutz Funeral Home, where friends may call at any time and from where services will be held at four o'clock Wednesday afternoon. Mr. Keelor was a member of Trinity Memorial Episcopal church of Warren, The Rev. Albert Broadhurst, of Titusville Episcopal church, will conduct the services, and interment will be made in the Keelor lot in Oakland cemetery.

Eagles Will Clear Debt Next Sunday

Warren Aerie of Eagles will celebrate their freedom from debt next Sunday when they will burn the mortgage which has been held on their building. The Warren lodge of Eagles was chartered in Warren in 1902 and spent some years in the building they now own. Later they moved to the structure now occupied by the Sons of Italy. Finally they purchased the structure they now occupy and moved back to the place of their origin.

A program of interesting events for the members and their families have been arranged incidental to the mortgage burning ceremony. On Saturday evening a private dance for members and their families will be held with entertainment provided by the Katherine Dawn Williams Dancing School. A fine program has been arranged.

Sunday a business meeting will be held when a class will be initiated and the mortgage burned. This will be followed by a banquet at which the principal speakers will be Charles Guenther, of Pittsburgh and Joseph Schilling, of Erie.

The Eagles have had a long career and have sponsored Workmen's Compensation, now a law; Old Age Pensions, also a law and now are at work to have laws passed stabilizing employment.

Borneo has a species of poisonous snake that glides downward from trees in the manner of a flying squirrel.

Local Boys Get Wings At Flying School

Young Americans from every state in the union and from Alaska and Haiti received their silver pilot's wings in graduation ceremonies held October 1 for the central flying training command at Randolph Field, Texas.

Among them were Myron F. Kirberger, 113 North South street, Warren; Rudolph G. Donahay, Sheffield, both from Pampa, Texas; Byron E. McKenzie, of Akeley, from Foster Field at Victoria; James E. Cartwright, of Kane, from Blackland.

Precision trained in modern air combat, the bronzed and husky fliers need but brief transitional schooling before taking their places in the fighting armadas already blasting at the Axis on globe-straddling fronts.

The local boys are home on furlough with families and friends before reporting for their next assignments.

Fire Equipment Display Is Of Much Interest to All Citizens

In the windows of the Pennsylvania Electric Company there is a most interesting display of fire equipment incidental to Fire Prevention Week. The display was arranged by Fire Chief D. G. Kroft and among the articles displayed are some that are of especial interest.

Hose couplings such as are standard in England are shown. These are of the snap together type and every Fire Brigade in the British Isles has this type of coupling. This enables every fire brigade to connect their engines or hose with any other company in the National Fire Service of England. In the United States there are a score of different hose threads and couplings used and in the event of large fires and mutual aid being sent from one community to another this difference of hose threads sometimes causes costly delays. Within a radius of

30 miles of Warren the fire departments have five different size couplings and hose threads on their 2½ inch fire hose. Since England entered the war American manufacturers have supplied millions of feet of fire hose equipped with the snap couplings to the British Government.

Then there is also shown a Shanghai Fire Brigade coupling. These are unique because of the heavy thread used and the shape of the thread which is nearly half round. These couplings are also supplied by the American manufacturers.

OCD equipment shown consists of complete minor fire equipment for a 500 gallon government pumper with the exception of ladders and hose. It is of interest to note that all metal parts of the equipment with the exception of the swivel part of the couplings are made of iron; and a grade of iron which is not considered a vital critical material. Simplicity of design is also in evidence in this equipment as there are no gate valves or "key" connections or shut offs on nozzles. Nearly all standard fire equipment of this sort is made of bronze, brass or aluminum.

The OCD hose is a single jacket hose which has received Emergency Approval by the Underwriters Laboratories together with the malleable hose couplings and the iron expansion rings which attach the hose to the coupling. The outer jacket consists of a single woven cotton jacket of short fiber cotton and the rubber tube or lining is made of reclaimed rubber with a percentage of crude rubber added. The standard city grade fire hose of peace time had a rubber tube that contained about 27% crude rubber latex. This Emergency hose is said to contain only about 7% crude rubber latex, and this type of tube is the standard for all fire hose manufactured today and until after the duration.

Other articles of equipment exhibited are: stirrup pump and hose, OCD pump tank, Auxiliary Fireman's helmet, Auxiliary Fireman's coat, Auxiliary Fireman's training manual, Incendiary bomb used for training, U. S. Thermoite bomb that has been fired under a quantity of

MEN of the Armed Forces! A distinctive military portrait is the "tops" gift for the folks back home. Every Smith portrait is as good as we can make it. They're not expensive either.

FOR SERVICE FUND

The Pittsfield Service Club is soliciting support of the public in the chicken supper which it is serving at six o'clock Wednesday evening, since proceeds will be used to send Christmas gifts to the 99 boys who are in the armed forces from that township.

NEWS FROM HAWAII

Mrs. Carl Bengtson, West St., this city has just received a copy of the "Hilo Herald Tribune". Mrs. Bengtson received the paper from her brother, George R. Lilja who is located in Hilo, Hawaii with the U. S. Army. Mr. Lilja's home is in Dagus Mines. The paper is an interesting six page edition and carries the Associated Press News service.

MANY ERRORS MADE

The Local Ration Board reports a sudden spurt in receipts of applications for renewal of "A" books. They arrive by the hundreds every day. As fast as they can be processed, they will be mailed out. Please note it would only delay completing this task to answer questions as to when any particular application would be completed or to deliver it over the counter. Therefore they will all be mailed out when completed. A great many applications have to be sent back for correction. This is mostly from mistakes in the serial numbers. Use extreme caution throughout. Don't forget to attach old tire inspection showing at least one tire inspection, and the back cover of old "A" book.

State employment officials said today draft-deferred farm workers who seek different jobs during slack agricultural periods can be absorbed by other essential industries as fast as they become available. State selective service officials disclosed yesterday that agricultural workers can leave farms temporarily without losing their draft status, provided they switch to other essential jobs.

water; and a magnesium bomb that has been fired into an oil tank and the burning magnesium extinguished by the oil excluding the oxygen from the burning bomb.

THE CIVIL AIR PATROL
Squadron 53, Civil Air Patrol is in need of new members to bring it up to full strength. Former members of the Squadron are now serving in the Army, Navy, and Air Forces as pilots, instructors, mechanics, and in other capacities. The training offered by Civil Air Patrol has proven of great value to the members now serving their country in the armed forces and the program of training offered this year will be enlarged and intensified.

Civil Air Patrol, in recognition of its past accomplishments, has been transferred from the Office of Civilian Defense to the War Department and has become a civilian auxiliary to the Army Air Forces. It remains a voluntary civilian organization and membership is open to all native born citizens of the United States of America over the age of sixteen. There is no maximum age limit and no specific physical requirements. The applicant should be interested in aviation though not necessarily interested in flying or piloting aircraft.

Classes are now being enrolled for courses in the program of study offered during the winter months. The following courses will be offered: Air Navigation, Meteorology, Theory of Flight, Infantry Drill for Foot troops without arms, Military Courtesy and Discipline, Protective Concealment, Crash Procedure, First Aid. Such other courses as recommended themselves during the year will likewise be included.

During the year the Squadron will also concern itself with financing the purchase of a training aircraft to be used for Civil Air Patrol purposes and for the training of pilots and observers within the membership of Civil Air Patrol and Civil Air Patrol Cadets. It is planned that the purchase of the plane will be financed this winter and that the plane will be obtained and in operation in the coming spring.

Applicants wishing to become members of Civil Air Patrol may present themselves at Civil Air Patrol Recruiting Rooms on Second Avenue, next to the Western Union Office any Thursday evening between the hours of 7 and 9, or may attend Civil Air Patrol classes at the Warren County Court House any Wednesday evening promptly at 8 p. m.

ADVICE TO BICYCLE RIDERS
A reader, alarmed over the reckless manner in which some of the 1,958 bicycles are being ridden on the streets and sidewalks of the borough, suggests the publication of a few "Safety Riding Rules," compiled some months ago by the Police Department for distribution among bike owners.

- Strict observance of the following rules, just a few to be found on the sheet, will go a long way to keep bicycle riders out of accidents:
- Ride your bicycle as you would drive a car.
 - Ride on your own side of the street or highway. The right side is your side.
 - Keep well to the right side of the street in order to leave room for cars to pass you.
 - Ride in a straight line. Never zigzag back and forth across the street or road.
 - Slow down at sun down. Ride at a slower rate of speed at night than during the day.
 - Ride cautiously through intersections even though you may have the right of way.
 - Come to a full stop before entering an intersection where a "Through traffic stop" sign is erected even though no traffic is approaching.
 - Stunt riding is unsafe on the street although it may be very interesting in a circus ring or on a vaudeville stage. Never ride without touching the handle bars with your hands, nor ride with your feet on the handle bars. It is better to show good judgment than to "show off," or show scars.
 - Sound your horn or bell courteously and in plenty of time to be heard and heeded. Remember that some are deaf and will not hear your warning.
 - Observe and obey all traffic signals, signs and lights.
 - If you must ride on wet pavements, ride carefully. Wet leaves and icy spots are treacherous. Apply your brake carefully to avoid skidding. Never lean your bicycle against a plate glass window.
 - It is encouraging, to say the least, that the council has taken steps that may result in the acquiring of property for an athletic field and recreation center, a community project badly needed over a long period of years. Here's hoping the committee in charge will be successful in its endeavor to get something started to provide these facilities for residents of the borough.

Potato ice cream is the latest thing in England. Now we can expect to hear of the oleo sundae.

T-H-O-U-G-H-T-S
Then I commended mirth, because a man hath no better thing under the sun, than to eat, and to drink, and to be merry. —Ecclesiastes 8:15.

Humor has justly been regarded as the finest perfection of poetic genius. —Carlyle.

Washington In Wartime

By JACK STINNETT
WASHINGTON—The capital in wartime:
Our latest addition to the sound and fury files is Rep. John H. Tolan's battle to convert the Senate Garage into sleeping quarters for visiting service men. It appears the congressman from California built his clincher argument on the fact that he had been snooping around the Union Station the other weekend and discovered a score of our boys in khaki and blues napping on the hard, hard benches.
That very same night according to the war hospital committee, there were 277 available free beds in Washington just begging to rest the weary bones of some service men. In fact, since the committee started functioning about a year ago, there has been only one weekend when the demand for beds even equalled the supply.
That was several weeks back when the big military carnival on the Washington Monument grounds ushered in the "Back the Attack" bond campaign. What we need in this town now is more beds for civilians.

Nothing that has happened in recent months has caused more consternation in Washington than Gen. Douglas MacArthur's statement that no matter how "subordinate" is his role in the Pacific, he hoped to play it manfully and that island hopping is not his conception of how to win the war against Japan.
Within 48 hours after his statement was published, I heard these conclusions in various quarters, ranging from the military to the political: (1) That he merely was trying to jack up Washington to give him more troops, supplies and ships for his drive to the Philippines; (2) that he was signifying, a little bitterly perhaps, his willingness to play second fiddle to Lord Louis Mountbatten, who will lead the attack from India (military officials here say this is a ridiculous conclusion because MacArthur's command and Mountbatten's don't conflict in any way); (3) that he is making a bid for a showdown which would result in his appointment as supreme commander of the entire Pacific and East Asia theatre; (4) that in spite of his protests that he has no political ambitions, he was thinking in terms of the presidential campaign next year and sought to prevent in advance any political setback; (5) that he has only recently learned about the strategy in the Pacific and wants on record now that he doesn't agree with that strategy or feel very happy about the role he has been assigned in carrying it out.

With the exception of point No. 4, I think it is possible that all conclusions may have touched on the truth. In spite of the fact that there is bound to be a boom for MacArthur for president which will carry right to the Republican convention floor, I believe intimates of MacArthur here who insist that he has no interest whatever in that direction.
The fact remains, however, that MacArthur's statement has puzzled Washington observers more than anything that has come along recently and it will take the disclosure of military secrets which can be only divulged in action to clarify his meaning.

WASHINGTON—The capital in wartime:
George P. Orr, one of the foremost merchants of the city for many years is celebrating his 77th birthday. He attended the old Warren Academy, was president of the first Warren county fair.

Repairs are being made at the Pennsylvania station. Crews of men are putting in new planking and new ties are being placed.

The Carver House will have a new tile floor covering all of the lobby. The material has arrived and the work of installing it will be undertaken within a few days.

Dr. John Grant Coyle, of New York City will be the speaker at the Columbus Day exercises which will be held at Library Theatre. The meeting will be held on Sunday, October 14.

Chido and Foley who have the contract for building the road from Russell to Lander are making good progress. Concrete is being poured at the rate of 500 feet per day and it is expected to have the job completed and open for traffic before winter comes.

IN 1933
It is expected that the football rosters from Bradford will be here in full force on Saturday when the Bradford gridders come to Warren to play the Dragons.

Women of the Grace M. E. church will hold their last canned day fort he Ruth Smith oprans home tomorrow. Several hundred cans of vegetables and fruits have been put up by the women.

The pony owned by Dan Cornish, attracted much attention at the horse show in connection with the Youngsville fair. The pony is smaller than the one exhibited at the Century of Progress.

The Grand Union store is advertising two large cans of peaches in heavy syrup for 27 cents.

Youngsville is preparing to participate in the NRA parade to be held in Warren October 12. A big delegation will come up for the occasion.

Hollywood Gossip

By ROBBIN COONS
HOLLYWOOD — Among the newer evidences of community spirit hereabouts is the Ernie Pagano fire department and milk delivery system, currently flourishing in the San Fernando valley uplands near Encino.
The customers get their morning milk from a shiny red fire engine and think nothing of it.
Pagano, scenarist who has written Fred Astaire musicals and the more recent "Fired Wife," not long ago bought a dairy farm up there, and his neighbors include Robert Young, the actor, Scotty Welborn, the cameraman, besides a Los Angeles doctor, a Coast Guard officer, and a couple of automotive executives.

THERE evolved from this well-to-do grouping a community betterment organization, and out of this came the fire department. Minus other fire protection, the department was unable to buy a fire engine but did wangle a fire truck chassis and enough equipment to assemble a workable model. The truck is installed in Ernie's garage, biggest in the community. All residents are instructed to keep their swimming pools full as a water source.
The milk route sprang from the fire truck's need for exercise to keep up its battery and tires. Pagano's Jersey herd had been creamery supply for the community, and now the milk goes out minus the sirens in the fire wagon.

ACTRESSES in period pictures get a lot of sympathy for their tight, restricting garments, but on Maureen O'Hara it is wasted. Miss O'Hara must dance, for "Buffalo Bill" in costumes running the full, unwholesome, corseted gamut of fashion from 1870 to 1905. But Rene Hubert, the designer, has taken the curse off the discomfort. The voluminous petticoats are merely a collection of ruffles sewed to the bottom of a single petticoat. The wasp waists aren't difficult because Maureen's is only 21 inches normally. The "stiff, heavy" fabrics are unlined and are the lightest obtainable.
Herbert Rudley, from the New York stage, is learning things about Ira Gershwin, whom he portrays in "Rhapsody in Blue." He has learned, for instance, that Ira enjoys a game of poker and has a trick of balancing chips on his forehead and making them stay there. He has learned also that lyricist Ira has a habit of pushing his eyeglasses, as well as poker chips, up on his forehead. But there are no poker games in the picture.
Rudley asked Ira for suggestions about how to play Ira, but Ira had none.
"I told him," says Rudley, "that I guessed the characterization would be a lot of Rudley and very little Gershwin, and he said that was all right. But I'd still like to know how he manages to balance those poker chips."

John Campbell, newly arrived from the "Junior Miss" road company to play one of the five brothers in "The Sullivans," was advised on registering for the Screen Actors Guild to change his name because two other Campbells were already on the rolls as actors. He made this deal with John and John 2, both at Camp Robbins, Ark.: whichever first makes the name film-famous will keep it, the others must change.

8 More Christmas Shopping Days
Overseas parcels must be in the mail October 15th to insure Christmas delivery. To our enemy, Christmas is just another day for killing, and plasma must be supplied to our fighting men. Call Red Cross 2926 and sign today to be a blood donor.

Charming Censor

Take a look here, those of you who imagine a censor as a grim old guy with an eyeshade and big pencil. This is Charlien Miller, sunning at a Los Angeles pool between stints as a censor for the American Women's Volunteer Service.

Final reports for the year ending August 31st, just compiled, show that scrap collections by Chevrolet dealers all over the country represented a huge and important contribution to the production of war materials. The total amounted to 230,644.574 pounds or 115,323 tons, according to William E. Holler, general sales manager.

Options Taken On Local Sites By Fairchilds
At a board meeting of the Fairchilds Engine and Airplane Company held in New York today, steps may be taken that will bring to Warren one of the most outstanding plants that has ever located in the city. The concern manufactures airplane engines and has taken an option on properties in this city which will be acted upon today. The options expire November 2nd.

An option has been taken on Plant No. 1 of the Phenix Furniture Company on Carver street and also on the property formerly used by the Wilburine Oil Company south of Lexington avenue and which runs from Carver street to Oak street. This would afford the company plenty of land for the erection of a large plant.

It is hoped that favorable action will be taken at the meeting of the board held today as the ren would add much to the manlocation of such a plant in War-ufacturing and business life of the community.

Instructors Named For War Classes
Registration for the Pennsylvania State College War Training classes will take place from 7 to 9:30 p. m. Wednesday and Thursday in the local high school building.

Instructors have been secured and will be present during registration to assist applicants with selection of courses and other information. These classes will include Chemistry of Engineering Materials taught by J. W. Moore; Cost Accounting for War Production taught by C. O. Swanson; E. R. Carlson will instruct the class in Foundations of Engineering; Engineering Drafting will be taught by J. C. Allen and K. W. Barnhart; Operations Inspection class will be taught by G. P. Budd; Production Control will be taught by W. E. Miller; Qualifying Mathematics will be taught by F. W. Bathurst; and Strength of Materials will be taught by J. C. Allen.

There is no charge for class other than textbooks and material essential for the successful completion of the course. These classes are part of the tuition free ESMWT program sponsored by the United States Office of Education.

Ruffin Springs Upset Victory
New York, Oct. 5.—(P)—Bobby Ruffin, a "fancy dan" from Long Island, is in line today for a shot at the lightweight title as a result of his upset victory over the ex-lightweight champion, Beau Jack Ruffin, so little regarded in the betting that the odds went as high as 10 to 1, punched out an unanimous decision over the former Augusta, Ga. shoeshine boy before a World Series eve crowd of 14,449 at Madison Square Garden last night. The gross gate was \$43,429.

Wearing a bandage around his right knee, the Beau never got a clear shot at the feinting and counter-punching Ruffin, who waged one of the best fights of his career. The Beau did cut Ruffin's left eye in the eighth round, but for the most part Ruffin made the Beau look silly on repeated wild swings that swished harmlessly through the air as Ruffin ducked out of range.

Miss Irene Spade has returned to her home at 1403 Pennsylvania avenue west, after being in Erie where she submitted to an operation on her foot at the Hamot hospital.

WARREN GRANGE BOOSTER PROGRAM
Following the regular meeting of Warren Grange No. 1025 in the IOOF hall in Hickory street at eight o'clock Wednesday evening, the annual "Booster Night" program will be presented. A panel discussion will comprise a portion of the program, with several from Brokenstraw unit at Youngsville taking part. To conclude, the home economics chairman and her committee will serve refreshments.

MEN AND WOMEN IN SERVICE
Lieut. Kenneth Cristensen is spending some time in the city the guest of relatives and friends.

Allen J. Dean, naval aviation cadet training at Lock Haven, was at home over Sunday to visit his mother, Mrs. Corinne Dean, and family, 516 Market street.

Donald Branstrom son of Mr. and Mrs. Edwin Branstrom of Russell, who is studying basic engineering at Yale University at New Haven, Conn., is home for an eight day furlough.

Corp. Stanley Pearson, son of Mr. and Mrs. Charles Pearson of Russell, is home from Camp Chaffee, Arkansas for a 10 day furlough.

Aviation Cadet Stanley G. Sasser, son of Mr. and Mrs. Frank T. Sasser, 115 Park street, has reported to the Courtland, Ala., basic flying school for his third stage of training as a cadet pilot.

Melvin J. McConnell, seaman first class of New York City, is home on five-day leave with his wife, Edna McConnell, of Columbus, and his parents, Mr. and Mrs. Arthur McConnell, Cobham Park Road. He will return to New York Wednesday to resume his naval duties.

Pvt. John Berdine, son of Mrs. Ella Mae Berdine, Russell, is spending a thirty-day convalescent leave with his mother, from the Phoenixville hospital.

GRANGE NEWS
VALLEY MEETING
The next regular meeting of Valley Grange No. 846 will be held at eight o'clock tomorrow evening and a large attendance is hoped for.

At the meeting held last Thursday evening, Lecturer Minnie Griggs presented the program. After singing "The Star Spangled Banner," the master's welcoming address was given by Paul Moravick and Mr. and Mrs. F. B. Whitcomb were presented with Silver Star certificates. In the absence of the chaplain, Mrs. Ira Johnson gave the benediction while officers formed a circle about the altar, 25-year members and the chaplain. Mrs. Alfred Akins was at the piano for all to sing "Blest Be the Tie That Binds."

Booster Night greetings from the national master were read by Master Moravick, roll call was responded to with "Why I Am a Granger" and Mrs. Haight read "I Like to go to Grange". The lecturer read a letter from Mrs. Carrie Delamater from Roundup, Mont., after which a round robin was conducted for her. An illustrated lecture was given by Mr. and Mrs. Kenneth Haight and the finished picture was presented to the Whitcombs. Mr. Haight gave two yodeling solos. The oldest members present, Mr. Whitcomb, Mrs. Ira Johnson, Mr. and Mrs. C. L. Ekkdahl, presented small remembrances. After a reading, "Chandlers Valley," the program closed with all singing "When You and I Were Young" and lunch was served by Mrs. Willis Braley, Mrs. Johnson and Mrs. Margaret Brown.

Kathryn E. Morse Becomes Bride of Benjamin H. Vine

Palms and white gladioli, with white tapers, were used to decorate Trinity Memorial Episcopal church for the marriage of Kathryn Elizabeth Morse, daughter of Mrs. Clinton B. Morse, 202 East street, and Benjamin Hower Vine, of Pittsburgh, son of Mr. and Mrs. H. L. Vine, of Ann Arbor, Mich. The ceremony was performed by the Very Rev. William E. Van Dyke, of Smithport, and wedding music was by Miss Jean Robertson.

The bride was given in marriage by her brother, Cpl. William R. Morse and attended by her sister-in-law, Mrs. Morse, of Philadelphia. Her frock of white satin was fashioned with sweetheart neckline and ninon overskirt and her veil was fingertip length. The matron wore blue velvet with ninon overskirt and a matching veil. Mrs. Morse wore medium blue crepe with matching velvet hat and Mrs. Vine's velvet hat matched her frock of old gold crepe.

James Butcher, of Pittsburgh, was best man and ushers were Weston Emsworth and Richard Wickstrom, of Warren.

A reception for 40 guests followed in the parish house, where white gladioli, chrysanthemums and palms were used with candles and a bride's cake centered the table. Guests included Mr. and Mrs. Vine, Ann Arbor; Miss Anne McIntee, Detroit; Cpl. and Mrs. William R. Morse, Philadelphia; Mrs. Raymond Coolidge, Mr. and Mrs. L. M. Adams, Wellsboro; Miss Mary Catherine Culley, James Butcher and Harry Glenn, Pittsburgh.

Later, the couple left for a western wedding trip, to be at home after October 15 at 210 Main street, Tarentum. The bride is a graduate of the local high school and of Pennsylvania College for Women. Mr. Vine received his bachelor's and master's degrees at University of Michigan, where he was a member of Acacia Fraternity, Tau Beta Pi, Sigma Xi and Sigma Pi Sigma, scholastic honorary societies.

The bride-elect, who has been employed at the Warren Public Library, was honored with a tea given by Mrs. Paul Arnold, Mrs. Samuel Ostergard and Mrs. John Lutz and with a rehearsal dinner given at the Hotel Carver by Mr. and Mrs. George Frantz.

Society

Fine Speakers Scheduled For Sessions Of Erie Conference WSCS This Week

Sessions of the Erie Conference WSCS annual meeting in First Methodist church Wednesday and Thursday will bring several speakers whose topics will be of interest to both members and guests of the society.

These include Miss Ethel Harpst, mountain girl of Georgia, who founded the Ethel Harpst Home for destitute and orphaned children in 1923; Miss Winnie Kemp, daughter of a Methodist medical missionary and student at Allegheny College, and Miss Laurence Royer, resident director of Neighborhood House at Erie. Miss Harpst will speak on Wednesday and Thursday afternoon; the others, Wednesday evening.

The Ethel Harpst Home, which houses 125 children, is completely filled and has a waiting list, consists of three large dormitory buildings and farming areas which are donated by wealthy friends from New York City and the state of Georgia. No better commendation of its head could be found than the following quotation from "Story of Georgia," published by the American Historical Society:

"The Ethel Harpst Home stands as a monument to the woman for whom it was named. A great humanitarian, a woman, who, recognizing her mission in life, continues to fulfill it with all of the zeal and enthusiasm at her command. Ethel Harpst has won her way into the hearts of her fellow-citizens at Cedartown (Georgia) through her many acts of kindness and the work she has accomplished in caring for parentless children. They boys and girls who go out from Harpst Home make a valuable contribution to a better way of life wherever they go."

Winifred Esther Kemp, a junior

at Allegheny, will show pictures of the mission field in Portuguese West Africa (Angola) where she was born and from where her father, Dr. Alexander H. Kemp, and her two youngest sisters have been unable to return to this country because of war conditions.

She was graduated from Northfield Seminary in Massachusetts in 1941, is majoring in the modern romance languages of French and Spanish and also speaks Portuguese. She has been in this country since 1936, earning her schooling on scholarships and by working summers at Northfield Seminary and at Chautauqua. Her engagement to Ted Husted, son of Mr. and Mrs. H. H. Husted, of Youngsville, was announced some time ago.

Miss Royer already has many friends in the community, principally through her appearance here in April as a speaker at the Erie Presbyterian sessions and shortly afterward, as guest speaker for the Second Auxiliary Missionary Society of the First Presbyterian church.

She is the daughter of Dr. Benjamin Bunn Royer, of Franklin, who is a former moderator of the Pennsylvania Synod of the Presbyterian denomination. She assumed her duties as director at Neighborhood House in Erie about a year ago, having served prior to that time as state secretary of social education and action of the Pennsylvania Synodical. Many in Warren who know Miss Royer personally will welcome this opportunity of hearing her again.

The women of First church WSCS, hostesses for this third annual meeting of the Erie Conference group, extend a cordial welcome to all interested to hear these Christian leaders.

Initial Departmental Session Follows Woman's Club Annual President's Day

The first regular fall meeting of the Woman's Club was held Monday afternoon at the clubhouse when Mrs. C. W. Beckley conducted the initial session of the Art Department.

The year's theme for this group is "Modern Trends in Art", with Robert B. Leonard, formerly of St. Louis and now of Kinzua, as guest speaker. A student of art since his early days, particularly the graphic arts and printing, he attended both the Washington University department of fine arts and the Chicago Academy of Fine Arts. Following the formal talk, he told of some of his teaching experiences in Chicago, Baton Rouge and other centers.

Mrs. Allison Wade made announcement of next Monday's meeting of Literature Department and the group was invited to have tea in the club dining room. Presiding were Mrs. W. E. Yeager and her sister, Mrs. Earl Fenderson.

Club members observed their annual President's day with a delightful tea on Friday afternoon

honoring Mrs. Gerald Wright. The program opened with a group of soprano solos by Mrs. Corinne Dean, accompanied by Mrs. Harriet Wilkins. Her numbers were "Into the Night" by Edwards and "Sweet and Low", by Carey.

After extending a welcome to the members, Mrs. Wright outlined the board's activities of the summer and called upon the following departmental chairmen for an outline of their programs: Art, Mrs. Beckley; Dramatic Section, Mrs. Hans Svanoe; Literature, Mrs. Wade; Community Service, Miss Dorothy Newell, and entertainment, Mrs. J. H. Goldstein.

Tea followed, with Mrs. W. F. Clinger and Mrs. Freeman Hertz, house committee members, pouring at a table attractive in a silver bowl of pink and lavender flowers and silver holders for pink candles. Throughout the club were many gifts of flowers, including bouquets from the Metzger-Wright Company and Gerald Wright, while a corsage given the president was of roses from Mrs. Burr Walker's garden.

B. V. LESSER Insurance
ESTABLISHED 1910 - PHONE 2140

Be On Guard! Beware of the cut rate agent who tries to sell you "just-as-good" insurance at a cheaper price. It can't be done—you only get what you pay for. Don't experiment. Insure through us and be safe.

YOUR INSURANCE IS AS GOOD AS YOUR AGENT

ENERGY for Hubby--

Practical wives know that two slices of Anderson's BUTTER-KRUST Enriched Bread at every meal will furnish him with substantial quantities of vital daily nutrition requirements. But you can make his dinner even more satisfying by amplifying strength-giving values of other foods with Anderson's Enriched Bread. Fortify that occasional chicken with delicious Bread stuffing. Serving a pudding made of our Enriched Bread adds vitamins to the meal. Or top au gratin dishes with toasted crumbs of Enriched Bread. You need never waste a slice of our Enriched Bread.

Here's just one suggestion—use leftover slices for making rich nutritious French Toast—and see Anderson's "Bright Ideas" Menu Booklet for many other ways to make your rationed foods go further through the use of Enriched Bread.

It's Practical to Serve Anderson's BUTTER-KRUST and BUTTER MAID Enriched Bread

"In all ways --- and always"

Personal Paragraphs

Misses Elizabeth Crane and Louise Williams have returned home after spending a short time with Miss Doris Crane, of this city.

Miss Margaret Blick, daughter of Mr. and Mrs. Henry F. Blick, 103 Lookout street, has enrolled for her freshman year at Wheaton College in Wheaton, Ill.

Guests at the home of Mrs. Blanche Mitchell, 212 West Fifth

avenue, are Mr. and Mrs. Harry Mitchell, Manchester Center, Vt.; Mrs. Maude Hoagland and Mrs. William Reese, Youngstown, Ohio; Mrs. H. C. Frayer and son, Warren, of Elkins, W. Va.

Mr. and Mrs. William B. Lynde have returned to their home in Buffalo, N. Y., after a week's visit with Warren relatives and friends.

Miss Norma Sontag, who spent last week with her parents, Mr. and Mrs. Charles Sontag, Oneida avenue, has returned to Pittsburgh to resume her training in Montefiore Hospital. She had with her as a guest Miss Mariam Goldberg, in training at the same institution.

"Count" and Mrs. Guiffre, 910 Pennsylvania avenue, west, have left for New York City to attend the World Series. They will also visit in Atlantic City and in Baltimore before returning.

Miss Lois E. Johnson, daughter of Mrs. George Johnson, Canton street, and Miss Martha Jacobson, daughter of Mr. and Mrs. Henry Jacobson, Glenwood street, have returned to Minneapolis, Minn., to resume their studies at the Lutheran Bible Institute.

Mr. and Mrs. Arch Bristow, of Garland spent some time in the city yesterday on business, Mr.

Bristow is a columnist on the Erie Dispatch-Herald and writes of rural life in a most engaging manner. He is featuring visits to country churches in the Dispatch-Herald territory and has gained a huge circle of readers.

Mr. and Mrs. Eugene Johnson, Mrs. Lloyd Turner and daughter, Jean, have returned from a visit with Cadet Warren M. Johnson, who is stationed at the Johns Hopkins University in Baltimore, Md.

Social Events

SIGMA TAU DELTA
The regular meeting of Sigma Tau Delta Sorority will be held at 7:30 this evening at the home of Miss Janice Peterson, Frank St., and a large attendance is asked.

DEMOCRATIC WOMEN
The Warren County Federation of Democratic Women held its October business and social session Monday evening at the home of Mrs. Mark Summerson at Pittsburgh. Mrs. C. I. McCracken, president, was in charge of the business portion of the evening, when five new members were accepted.

The next meeting will be held at the home of Mrs. John Reiff, Brown Run, on Monday evening, November 1.

Interesting Film Will Be Shown C.A.P.

Members of Warren Squadron 53, of the Civil Air Patrol will view a film on "crash procedure" at the weekly meeting Wednesday evening. The meeting will be held in the small court room of the Warren County Court House at eight o'clock.

The film to be shown will illustrate the method in which airplane crashes are handled when they occur at an airport. Fire prevention, first aid and salvage are among the subjects discussed by the film. Following the showing Fire Chief Douglas Kropf will be on hand to answer questions on the subject of fire prevention in connection with crash procedure. All members and interested persons make it a point to attend the class.

The management of Spencer hospital at Meadville reports the 5,000th baby born there since 1928. It was a daughter to Capt. and Mrs. James N. Osborne of Detroit. Mrs. Osborne being formerly Miss Florence Wescott of Conneautville.

Enemy Feed Line Into Italy Target For Air Assaults

Four to Five German Divisions Along a Front From Coast To Coast Putting Up Increased Resistance To Fifth Army

BRENNER PASS AGAIN BLOCKED BY FORTRESSES

By WES GALLAGHER

Allied Headquarters, Algiers, Oct. 5.—(P)—Powerful northwest African air armadas—some flying from Italian bases—in a thundering two-play attack hammered Nazi airfields in Greece and blocked the Brenner reinforcement road into Italy by smashing bridges in the Brenner Pass rail city of Bolzano, it was announced today.

On the land in Italy, American troops who crossed the Calore river drove nine miles southwest of Benevento yesterday to seize

FRANKFURT IS BLASTED 38TH TIME BY R.A.F.

Another Great Load of Bombs Dropped Upon War Production Center in Germany

LUDWIGSHAFEN HIT

By ROBERT STUDEVAULT

London, Oct. 5.—(P)—Roaring over the blasted German city of Frankfurt less than 12 hours after American Flying Fortresses delivered a precision blow there, the RAF heavy bombers last night dumped another load upon the war production center while a smaller fleet of night bombers struck Ludwigshafen.

The Germans could scarcely have had time to put out the fires and reorganize their defenses after the American daylight attack on the important Frankfurt warplane factory when the RAF returned to the scene and gave the city its 38th battering of the war, and the fourth major British blow as many nights.

The great bomber fleet ranged over much of the Rhineland during the night delivering the main attack on Frankfurt—exceeding 500 tons—and a force of Lancasters made a subordinate raid on Ludwigshafen which, with its twin city of Mannheim across the river, has been blasted 59 times previously.

From all of these operations, which included Mosquito attacks on other objectives in northwest Germany, 12 airplanes failed to return.

Ludwigshafen and Frankfurt are almost equidistant from Britain—between 420 and 450 miles. Ludwigshafen is located on the Rhine about 50 miles due south of Frankfurt on the River Main.

Berlin acknowledged today that last night's RAF raid on Frankfurt was "severe."

Once more the RAF slit its force between two targets using the strategy of confusion against the harried German defenses by hitting Frankfurt in only a matter of a few hours after American Flying Fortresses.

Beheading Of American By Japs Revealed

By C. YATES McDANIEL

Allied Headquarters in the Southwest Pacific, Oct. 5.—(P)—Komai and Tsuchioka; these are names that won't be forgotten by the men who fly for General Douglas MacArthur.

Komai and Tsuchioka were the Japanese officers responsible for the beheading of a young American airman according to the "Samurai code" of the Nipponese, the code of feudal warriors.

The shocking execution came to light in the diary of a captured Japanese soldier who had to admit in his bloody recital that the American was "more composed than I thought he would be."

(The execution was the first such violation of international law reported since last April when it was announced that the Japanese had executed several American fliers captured in the bombing of Japan a year before.)

SIX BISHOPS RESIGNING

Cleveland, Oct. 5.—(P)—The House of Bishops of the Protestant Episcopal church has accepted the resignation of six diocesan bishops because of ill health or advanced age. They include Bishop Alexander Mann of Pittsburgh and Bishop Hunter-Wyatt-Brown of Harrisburg, Pa.

Knox Sees War Ruins in Italy

(U. S. Army Signal Corps Radio-Telephoto from NEA) Navy Secretary Frank Knox views ruins at Battipaglia during a tour of the war front in Italy. With him in the jeep are Lieut.-Gen. Mark W. Clark, front line chief, left, and Vice Admiral Henry K. Hewitt, American naval chief in the Mediterranean.

Large Gist of Business Is Considered at Meeting Of Boro Council Monday Evening

The gavel of President Forest Waite fell exactly at 7:31 last evening and the town council handled a big gist of business and adjourned just 78 minutes later. For handling matters in a businesslike way the present council is entitled to a medal. Its handling of the finances of the city is also open to commendation. The finance

committee is making a record in its work and at almost every meeting reports are made of the retirement of a bond or two, which is cutting down the interest payments of the city and its outstanding indebtedness.

Last evening the committee reported that the funds that were static due to war conditions were being put into short term treasury bonds bearing 2½ per cent interest as against one-half of one per cent interest if held in local institutions. This is idle money which cannot be used for any purpose other than it is set aside for and cannot be spent at present. In all, the borough now holds \$130,000 worth of the short term bonds.

It was reported that the general fund now contains \$99,259.98; the sinking fund \$10,439.60 and the park fund \$5,698.04. Bills amounting to \$63,321.83 were ordered paid out. In this amount was \$4,000 paid out for the retirement of bonds of the issue of 1935.

Reports were also made that the retaining wall on Parker street, which was reported to be in bad shape some time ago, was on private property and the borough is not liable for any part of its rebuilding.

The street committee reported that trouble was being experienced in securing men to take care of the leaves, etc. The railroad crossings on Fourth avenue and the tracks of the New York Central on Fourth avenue were reported as having been in bad shape and the Pennsylvania and New York Central railroads have both arranged to take care of them and put them in good shape.

Backwater from the sewers on Lexington avenue which has caused damage to property in that section will be relieved by cleaning out the sewer on Madison avenue, which is filled with sand and gravel. Thirty-six arrests were made by the police.

HOUSE SCRAPS TAX PROGRAM AS TOO LARGE

Ways and Means Committee Begins Drafting Revenue Measures Of Its Own

HAS CHILLY RECEPTION

Washington, Oct. 5.—(P)—A ten per cent "victory" retail sales tax estimated to yield \$6,000,000,000, was proposed to congress today by M. L. Seidman, chairman of the tax committee of the New York board of trade.

Seidman appeared before the house ways and means committee after the treasury's proposal for \$10,500,000,000 in additional income and excise levies appeared to have been virtually scrapped by adverse congressional reaction.

Seidman apparently offered his sales tax plan as a substitute for the treasury proposal. The witness opposed compulsory savings, any increase in the withholding from wages and salaries, excess profit taxes and any hike in the top brackets of personal income taxes.

Seidman appeared as the first witness as the ways and means committee began drafting a revenue measure of its own. The administration plan was scrapped shortly after it was introduced, when Rep. Doughton (D-N.C.), leading congressional tax authority, termed it "untenable" and in some respects "indefensible."

Equally chilly was the reception on the Republican side of the committee. Rep. Carlson (R-Kas) said "I don't think we can add this burden now on the middle class group. We had better start looking for economies. We won't be able to raise more than \$4,000,000,000 in additional taxes."

As Economic Stabilization Director Fred M. Vinson prepared to go before the committee in an effort to salvage as much as possible of the administration program, new talk was heard of a drive to enact a federal sales tax.

One of Vinson's chief arguments is expected to be that higher taxes are needed to stave off an inflation threat.

Presented by Secretary of the Treasury Morgenthau and Randolph Paul, treasury general counsel, the administration program proposed an increase of about 40 per cent in the amount of federal revenue to be taken from personal incomes, with surtax rates to be levied on income for individuals with taxable income between \$1,000 and \$6,000.

It asked for steep increases in levies on corporation and on such articles as liquor and tobacco products. (Turn to Page Seven)

Evacuation Of Corsica Is Admitted

London, Oct. 5.—(P)—The Germans acknowledged today the evacuation of Corsica—picturing it as a semi-victory and "operative masterpiece"—but that strategic island was firmly in Allied hands, a possible invasion springboard into southern France, or the northern Italian coast.

French troops, reclaiming another segment of French territory, won the last big town of Bastia yesterday, and remaining enemy pockets were wiped out by the French, American rangers, and Italian troops of Premier Marshal Pietro Badoglio.

Corsica will give the Allies additional and easy-range bases for bombing the Germans at Nice, Genoa, La Spezia, and Leghorn in one-hour jaunts. This birthplace of the conqueror Napoleon also is a potential base for amphibious operations. The island, 112 miles long and 52 wide, is about 110 miles from the French coast, and 50 miles from Italy.

Berlin declared the last German troops were evacuated to the Italian mainland Sunday night to "help in defending the European southern flank."

STATE IS WELL OVER GOAL IN BOND DRIVE

Philadelphia, Oct. 5.—(P)—Pennsylvania's subscriptions in the Third War Loan drive stood today at 1,106,159,085, or 104.2 per cent of its quota, with final reports from many districts still missing.

Philadelphia is expected to top its quota of \$490,000,000 by about \$50,000,000.

Record Crowd of 70,000 On Hand To See Cards and Yanks In First Game of the Series

By JUDSON BAILEY

Yankee Stadium, New York, Oct. 5.—(P)—The year's outstanding pitcher in the major leagues, Spurgeon (Spud) Chandler, faced one of the toughest southpaws of the National League season, Max Lanier, as the New York Yankees and St. Louis Cardinals opened the 1943 world series today before a capacity crowd of 70,000 fans.

Chandler, a right-hander, won 20 games and lost four during the regular season, while Lanier's record was 15 and 7. The Cardinals' use of a left-hander on the mound caused Manager Joe McCarthy of the Yankees to alter the lineup used most of the season and place two right-handed hitters, Tuck Stainback and John Lindell, in the outfield.

As both clubs completed their batting practice at 1 p. m., a half hour before game time, and the scheduled starting pitchers—Right-handed Chandler and Lanier—prepared to begin warming up, the batting boys reported a new line that had the Bronx Bombers favored at odds of only 5 to 6½ for the series.

Last year, when the same teams met in the series, New York won the first game with Red Ruffing pitching against Mort Cooper, but the Cards came back to take four straight for the world championship.

Both teams were in good physical shape for the opening of the series and the weather was bright and crisp.

Score by innings: Cards 0 1 0 0 1 Yankees 0 0 0 2 0

Tax Optimism Helps Market In Some Spots

By VICTOR EUBANK

New York, Oct. 5.—(P)—A little more tax optimism helped the stock market in spots today but buying skepticism still was sufficient to keep numerous leaders in the rear ranks.

Ragged trends prevailed at the start and, while there were scattered losses of a point or so, mainly in the air transport group, both minus and plus marks generally were in small fractions near the fourth hour. Activity was under that of Monday.

Prominent on the offside were American Airlines, Eastern Air Lines, Pan American Airways, J. C. Penney, Douglas Aircraft, Bethlehem Steel. (Turn to Page Seven)

Mrs Holt's Fate In Hands of Jury

Waynesburg, Oct. 5.—(P)—A jury of seven men and five women today began deliberating the fate of Nancy Jeannette Holt, 29, Oklahoma blonde charged with the poison murder of her husband, Jesse, 33.

Judge Challen W. Waychoff, in a charge of almost an hour, told the jurors they could return any one of four verdicts: Innocent, voluntary manslaughter, murder in the second degree or murder in the first degree.

The first degree murder verdict would carry a death penalty, which was asked yesterday by Special Prosecutor James E. Isherwood, who charged the widow "slowly and methodically" had poisoned her husband, a pipeline worker, because of jealousy. The defense claimed Holt died of natural causes, hinting also that he might have killed himself.

Torrance Death Is Being Investigated

Greensburg, Oct. 5.—(P)—Pennsylvania state police and authorities at the Torrance State Hospital today conferred with District Attorney Edward G. Bauer about the death last Sunday night of Nicholas Dutko, 35, of New Castle, an inmate of the state institution after a fight with another patient.

Dutko had been in the hospital since February 24, 1934. John Chrin, state police detective, said Dutko had ordered the other patients to cease washing and a wrestling match developed during which Dutko was knocked to the tile floor.

PLAY-BY-PLAY

First Inning

Cardinals—With the count two strikes and one ball, Klein lifted a lazy fly to Lindell in center field. Walker drove Stainback back almost to the right field wall with a long fly. Musial lined to Lindell in left center. No runs, no hits, no errors, none left.

Yankees—Stainback lined to Kurovski. Crossett rolled to Marion and was thrown out. Johnson was called out on strikes. No runs, no hits, no errors, none left.

Second Inning Cardinals—W. Cooper bounced a single off Johnson's glove. Kurovski sacrificed Cooper to second. Chandler to Gordon. Sanders Marion sliced a double over Elten's outstretched glove, scoring W. Cooper, but Litwhiler was thrown out at the plate. Stainback to Dickey. One run, two hits, no errors, one left.

Yankees—Keller lifted a high foul into the stands causing a roar but was called out on strikes. Gordon bounced to Lanier and was thrown out. Dickey grounded to Kurovski and was thrown out. No runs, no hits, no errors, none left.

Third Inning Cardinals—Lanier grounded to Gordon who threw him out. Klein was thrown out by Gordon. Walker fled to Stainback. No runs, no hits, no errors, none left.

Yankees—Elten grounded out to Marion. Lindell struck out, being thrown out at first. Chandler singled to left. Stainback struck out. No runs, one hit, no errors, one left.

Fourth Inning Cardinals—Musial was thrown out at first. W. Cooper bounced (Turn to Page Seven)

Livengood In Favor of Hike In Crude Price

Harrisburg, Oct. 5.—(P)—A higher price for Pennsylvania crude oil was advocated today by William S. Livengood, Jr., secretary of internal affairs, as the best way to boost production to meet war needs.

In a statement issued after attending an Inter-State Oil Compact Commission meeting at Santa Fe, N. M., Livengood declared he opposed government subsidies to operators as a substitute for price advances.

Livengood said cleaning of old wells and secondary recovery methods offered the most feasible methods of increasing production but pointed out that both operations require capital which must be borrowed in most cases.

"The profits at existing levels are so small and the chances of loss so great," Livengood said, "that many hesitate to do this (borrow money) or if they do so venture, many banks discourage borrowing. The same conditions apply to 'wildcating'."

"The oil industry as a whole is opposed to subsidies, for sound reasons, I believe."

Livengood said he had objected to a proposal made at Santa Fe that states with a surplus of natural gas levy a severance tax on all gas piped into other states.

Council Takes Steps Toward Securing An Athletic Field

After an agitation that has been carried on for years were finally taken last night at the meeting of the Town Council which may eventually result in Warren securing an athletic field. President Forest Waite reported that he had been in consultation with the county commissioners relative to the property formerly owned by the Wilburine Oil Company. The property was recently sold for taxes and purchased by the commissioners.

Mr. Waite stated that the property is large enough for a baseball field, football field, tennis courts, etc., and that its development as a

RAINS IMPEDE OPERATION ON SOVIET FRONT

Russian Armies Facing Autumnal Storms Prove Formidable Aid in Halting Hitler Forces

CAPTURE THREE TOWNS

London, Oct. 5.—(P)—Despite heavy autumnal rain which Moscow dispatches said were bogging down the Red army offensive along the 750-mile eastern front, the Germans reported today a resumption of large-scale Soviet attacks in the Kuban bridgehead in the Caucasus and the eruption of "violent fighting" at the mouth of the Pripiet river and west of Smolensk.

The German communiqué asserted that Soviet attempts at a break-through in the Kuban were thwarted and that "enemy local attacks" at several points of the northern sector of the eastern front were "frustrated."

The Russians, themselves, however, announced only "engagements of local importance" in the White Russian region except for a few fierce but isolated tank battles in which Red army troops were said to have forced another river passage near Gomel, killed nearly 4,000 Germans and captured three towns.

Ground activity in White Russia had slowed down to what a Russian communiqué termed "engagements of local importance" with the exception of a few fierce but isolated tank battles in which Red army troops were said to have forced another river passage near Gomel, killed nearly 4,000 Germans and captured three towns.

Enemy resistance appeared to have stiffened both in White Russia and along the Dnieper river wall in the Ukraine, but there was every indication both in the Moscow war bulletin and dispatches from the front that heavy rains were playing their part in slowing down Soviet operations, especially in the bog-infested White Russian terrain.

Russian warplanes, however, took to the air yesterday to pound the last German remnants fleeing from the western Caucasus to the Crimea. They sank six barges carrying troops and war supplies, destroyed more than 100 trucks and armored vehicles, and dispersed ground troops concentrations, the Soviet bulletin declared.

A Berlin broadcast admitted the abandonment of Eltau-Tamanakaya, virtually the last German base on the Taman Peninsula opposite the Crimea.

While bad weather and fierce Nazi resistance had slowed the Red army for the first time since the capture of Orel, the lull gave the Russians command an opportunity of preparing for the next advance. (Turn to Page Seven)

Take Shackles off American Press Rep. Gavin Urges

Washington, Oct. 5.—(P)—Representative Gavin (R-Pa.) recommended to congress that it abolish the Office of War Information (OWI) "and turn over to an American untrammelled press, where it rightfully belongs, the handling of the news."

Speaking in the house on observance of newspaper week, Gavin declared that Americans "are given the fullest measure of control of their existence through the public newspapers."

"During this 'Newspaper Week' the congress should resolve to take the shackles off the American press and that America shall be told what they want to know, and that is the 'truth' of what's happening."

"Over the years the American Press has given a magnificent performance and they deserve our heartfelt thanks rather than the shabby treatment now being dished out to them by the 'brilliant intellectuals' of the OWI."

Mr. Gavin said he had been in consultation with the county commissioners relative to the property formerly owned by the Wilburine Oil Company. The property was recently sold for taxes and purchased by the commissioners.

Mr. Waite stated that the property is large enough for a baseball field, football field, tennis courts, etc., and that its development as a

Tin Can Wednesday!

Tomorrow is Tin Can Wednesday.

It is Tin Can Wednesday not only in the borough of Warren but in most of the communities in the county except for North Warren and Tidouite. It is the day for the big county-wide tin can collection, with a goal of 20 tons of cans.

W. T. Corbett, chairman of the County Salvage Committee, urged Warren county housewives to make this one of the most successful pick-ups to date. 20 tons of cans, he pointed out, mean nearly a quarter of a million of them. He called attention to a recent statement by Donald M. Nelson, chairman of the War Production Board, who said that enough steel goes into tin cans in the United States every year to build 900 destroyers. Mr. Nelson further stated that,

in spite of the efforts of salvage committees all over the nation, 2 out of 3 used cans are still being thrown away. The present salvage rate of 200 million cans a month must be doubled at once if scheduled are to be maintained and steel mills are to keep operating, Mr. Nelson said.

It is hoped that every curb in Warren borough and the other communities in the county will boast a neat pile of cans early Wednesday morning, so that the volunteer trucks and workers may complete collections rapidly and without delay.

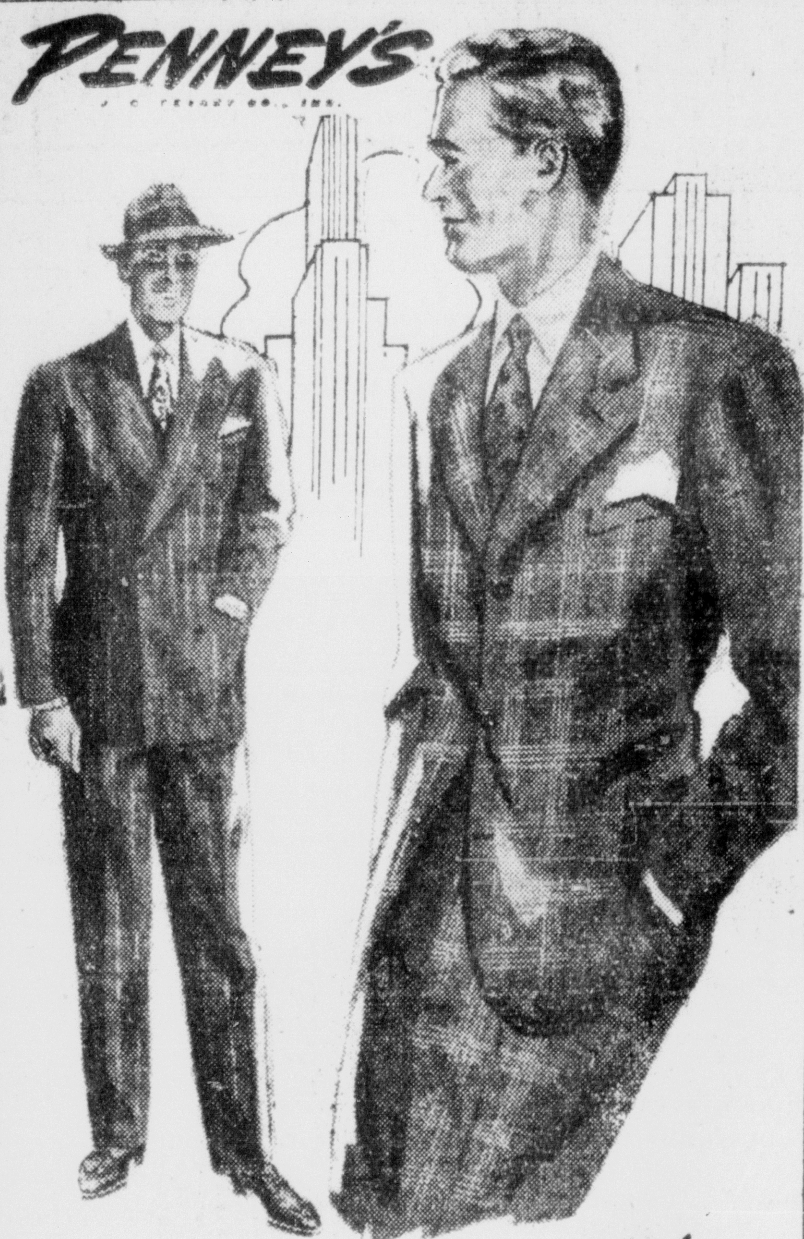

Cans should be processed by washing, removing the labels, removing the ends, and flattening. In other words, "Save 'em, wash 'em, smash 'em, and curb 'em."

TITUSVILLE SINGER RECRUIT FOR THE MET.

New York, Oct. 5.—(P)—New York's famed Metropolitan opera will open its Diamond Jubilee season Nov. 22 with the presentation of "Boris Godunoff," Edward Johnson, director announces.

Seven new singers will be introduced. Six of them are American.

Among the new recruits is Donald Dame, Titusville, Pa., tenor.

OIL IS AMMUNITION; WITHOUT IT WE WOULD LOSE THE WAR

Pastor At Russell Is Honor Guest

Russell, Oct. 5—A reception was held at the Methodist church Friday evening to honor the new minister, Rev. Philip Schlick, and his wife, who have been sent here from Sheridan, N. Y.

The Youth Fellowship was in charge of the program, which was announced by its president, Irene Way. After the hymns, "Sweet Hour of Prayer", Edwin Branstrom called on the various organizations of the church and the school faculty to tell of their affiliation with the church program and extend a welcome. Mrs. Clara Wright was the oldest member present.

The program continued as follows: Vocal solo, Mrs. Floyd Lindquist, accompanied by Mrs. Chas. Titchner; reading, Mrs. G. Siegworth; piano duet, Mrs. Tichner and Constance Roberts; harp selection, Margery Randall; welcome, B. C. Huntley and Rev. William Fuller, the latter minister at Lander. Both Mr. and Mrs. Schlick responded.

Refreshments were served by the Ladies' Aid Circle in the dining room.

Warren Men Accepted For U. S. Service

Local draft board number one has announced that another group of Warren county men have been accepted for service in the U. S. Army and Navy. They were in Erie for examination and induction September 28 and the announcement lists the following: (those marked with a star will serve in the Navy).

Jack Dean Ballard, Harold Nielsen Barnes, James Richard Drum, Victor Leo Farrell, Merle Garton Fox, Gail Richard Hansen, Leon Ives Jones, William Reese Neely, Donald Alexander Nelson, Laverne Elmer Peterson.

John Martin Sanden, Vedo Louis Andrea,* Charles John Berard,* Murry Douglas Cameron,* Charles Lambert Curtis,* Paul Perks Gary,* Kenneth Johnson Hahn,* Clarendon,* Joseph Lorain Bendez, Donald C. Vicini, Gusto Joseph Arrigo,* Jess Bryant Perry, Jr.* Kinzua,* Keith Monroe Culbertson.

Russell:—Glenn Wesley Peterson.

Akeley:—Frank Arthur Schroeder.

Grand Valley:—Edward W. DeRosia.*

Oil City is the home of two centenarians as result of attainments Friday of the 100th birthday of John A. Boats of 313 Hoffman avenue. The other centenarian is Captain Dan Fisher who is now 102 years of age.

TIMES TOPICS

RELIEF MEETING

The regular meeting of the Warren Relief Association will be held Thursday morning at eleven o'clock at the YWCA.

WILL MEET TONIGHT

The executive committee of the Farm Extension Bureau will hold a meeting this evening at 8 o'clock in the office of the bureau at the Court House.

TOWNSEND MEETING

Townsend Club No. 2 will hold its regular meeting in Townsend Hall, 229 Pennsylvania avenue, west, at 8 p. m. Thursday and all members are asked to be present.

HAD QUIET EVENING

Police of the city had one of the most quiet evenings last night. There was little going on about the city except putting the silence on a noisy radio, calming down some rampaging tenants of an East Side landlord and escorting money to the banks. It was all very quiet.

FLEW BIG LIBERATOR

Lieut. Lloyd Porter, of this city, who was recently in town on a furlough gave Warrenites a peek at a big Liberator bomber Sunday afternoon when he flew one of the big ships over the town. Its roar could be heard a long distance and the plane circled the city several times.

PIGGIE FINDS HOME

The naughty little piggie that gave two policemen and group of United Refinery employees a merry chase on Sunday has decided to stay at home. His owner who lives at the foot of Oak street identified the piggie and will secure him today and return him to his own pig sty.

PIG CLUB ROUND-UP

The 4-H Pig Club, of Lander will meet tomorrow. The club project will be judged by W. S. Jeffries, of State College and L. H. Bull, assistant county agent of Erie county. A demonstration of killing a meat cutting will follow by C. A. Burge, Animal Husbandry Extensionist of State College. The affair promises great interest and a large attendance is forecast.

LOST HIS WALLET

Raymond Pierce, of Warren, has entered complaint to the James-town police that Ella Belle Herald, 22, negro pantry girl in a hotel there, stole his wallet containing \$150. Pierce claims he was with the girl in an automobile and left the car for a few minutes and when he returned his wallet was gone. The girl has retained an attorney and a hearing will be given next week, when the girl will be examined by the district attorney of Chautauqua county.

FUTURE INDUCTEES

Tonight at seven o'clock a basic small arms firing school is starting at the State Armory in Hickory street, which has been set up to coincide with the training men will receive if they enter the armed forces. This is an approved school in which students are given strictly basic and elementary instruction. As records show that only 2 per cent of the men entering the armed forces have had any instruction in the use or handling of firearms. The student completing this course will enter the armed service with the working knowledge of firearms and marksmanship which should help his further advancement. There are still some vacancies in the class starting tonight and those who expect to be inducted soon should avail themselves of the opportunity of taking this training course.

Telephone Employees To Meet Tonight

J. Frank Cox, vice president and general manager of the Bell Telephone Company, will be the principal speaker tomorrow evening at the annual "telephone get-together" which is to be held in the local YWCA activities building.

Approximately 200 telephone employees and their families are expected to be in attendance for this annual event.

Mr. Cox will discuss the war situation and its effect upon telephone service and telephone people. The latest war movies will be shown, followed by music, dancing and refreshments. T. King Morris, Jr., the Warren District traffic superintendent, will be chairman of the meeting.

Curfew Law Urged Before Ministers

With the new president, Rev. J. C. Wygant, presiding, the Warren County Ministerial Association held its first fall session Monday morning in the YMCA.

Rev. B. F. Armstrong voiced the opening prayer, after which a welcome was extended to three new members: Rev. Ernest Ruark, First Baptist pastor; Rev. Philip Schlick, Russell Methodist, and Miss Mary Church, YWCA general secretary.

Henry Candy was heard in an appeal in behalf of the Warren county United War Fund campaign, and the following were named as a committee to cooperate with this effort: Rev. Harold Knappenberger, Rev. Harold C. Warren, Rev. O. C. Mingleford, Rev. Martin Hamlin and Rev. Arthur Sennevald.

A group representing the WCTU and Grange was present to plead for a curfew law for Warren. The matter was discussed at length but final action was deferred until further study and investigation can be made.

Rev. Wayne Furman reported that the new project of Sunday evening community services in July and August was even more successful than had been anticipated.

Mr. Knappenberger stressed the importance of the leadership training school which is scheduled to begin next Monday evening in the First Methodist church.

On recommendation of Ralph Wagner, representing the Warren Christian Youth Council, a committee of cooperation was named in the persons of Rev. Ruark, Rev. Furman and Dr. H. A. Rindard.

The program for the year, as presented by the chairman, Rev. Mingleford, was adopted and Mr. Furman was elected to serve as secretary of the association. Dr. H. H. Barr closed the session with prayer.

Death Claims A Member Of Pioneer Family

The last member of one of its oldest families and one of its most enterprising and well liked business men was lost to this community last night in the death of Charles E. Keelor, 226 Conewango avenue.

Mr. Keelor had not been in the best of health for the past year. He went Monday afternoon to the Keelor home at Wetmore, where his death occurred shortly after dinner last evening.

Charles Edgar Keelor was born June 24, 1876 in the original Keelor home on Fourth avenue, now the Crossett property, one of a large family of children born to Thomas and Sarah Ward Keelor. He was associated with his father in lumbering and chemical interests in Warren and at Wetmore and, still later, in the development of gas interests.

Following early private schooling, he attended Haverford Academy at Haverford, Pa. In 1925 he was united in marriage with Alice Beaty, daughter of Mr. and Mrs. Orris Weston Beaty, of Warren.

She survives him, with three nieces, Miss Marjorie Keelor, Mrs. Roy Russell and Mrs. Don Keelor, all of Warren; two grand nieces, Marilyn and June Russell; one grand nephew, Frank Russell, Riverdale, N. J.; also a sister-in-law, Mrs. Ben Keelor, of Ridgway.

Removal has been made to the Lutz Funeral Home, where friends may call at any time and from where services will be held at four o'clock Wednesday afternoon. Mr. Keelor was a member of Trinity Memorial Episcopal church of Warren. The Rev. Albert Broadhurst, of Titusville Episcopal church, will conduct the services, and interment will be made in the Keelor lot in Oakland cemetery.

Eagles Will Clear Debt Next Sunday

Warren Aerie of Eagles will celebrate their freedom from debt next Sunday when they will burn the mortgage which has been held on their building. The Warren lodge of Eagles was chartered in 1903 in the building they now own. Later they moved to the structure now occupied by the Sons of Italy. Finally they purchased the structure they now occupy and moved back to the place of their origin.

A program of interesting events for the members and their families have been arranged incidental to the mortgage burning ceremony. On Saturday evening a private dance for members and their families will be held with entertainment provided by the Katherine Dawn Williams Dancing School. A fine program has been arranged.

Sunday a business meeting will be held when a class will be initiated and the mortgage burned. This will be followed by a banquet at which the principal speakers will be Charles Guenther, of Pittsburgh and Joseph Schilling, of Erie.

The Eagles have had a long career and have sponsored Workmen's Compensation, now a law; Old Age Pensions, also a law and now are at work to have laws passed stabilizing employment.

Bornes has a species of poisonous snake that glides downward from trees in the manner of a flying squirrel.

Mustard gas is a liquid.

Obituary

HARRISON W. BURCH

Funeral services were held at one o'clock this afternoon at Kushequa for Harrison Willis Burch, former Warren concert pianist and accompanist, who died early Sunday morning in Buffalo General Hospital following three weeks illness. Interment was made in Pine Grove cemetery at Corry.

Mr. Burch was born at Spartansburg June 10, 1889, started the study of piano at the age of 11 and spent the next ten years with prominent teachers. He won a scholarship at the Sherwood School of Music in Chicago and was graduated there. He served as pianist for a time in the Metropolitan Methodist church in Detroit, Mich., and was accompanist and soloist for some of the concert stage's leading soloists.

He spent 20 years on the concert stage and was soloist and accompanist with J. L. Hudson Quartets for 10 years. He came to Warren for special study with Dr. LeRoy B. Campbell and taught in the conservatory here in 1929 and 1930. His many appearances before local musical groups are recalled with pleasure by a large following of friends. After attending a summer normal at Syracuse University, he spent two years playing and teaching in New York and returned to conduct studios in Bradford and Mt. Jewett. A year ago he returned to the employ of the J. L. Hudson Company in Detroit.

During World War I, he was a member of Battery F, 38th Field Artillery. He was affiliated with Daylight Lodge No. 525, F. and A. M., in Detroit, with the Mt. Jewett Rotary Club and was a member and pianist for the Kushequa Union church.

His brother, G. C. Burch, with whom he resided when at Kushequa, is his only close survivor.

LAURA E. L. EVERTS

Mrs. Laura E. L. Everts passed away at her home at 815 p. m. Sunday after a short illness of less than one week. Mrs. Everts, the daughter of Hiram E. and Martha E. Lounsbury, was born in Elk township, Warren county. At 18 years of age, on October 29, 1889, she was married to E. D. Everts, of Corydon, who preceded her in death December 23, 1926.

Mr. and Mrs. Everts located in Warren in 1904 after he was elected country treasurer and their remaining years were spent at their home at 108 Market street. Mrs. Everts was a faithful member of First Methodist church, the Isabelle Hazeltine Society, the W. S. C. S., the Y. W. C. A. and the Woman's Benefit Association. Her sister, Miss Nellie E. Lounsbury, at home, is her only survivor.

Services will be conducted at the home by her pastor, Rev. Wayne Furman, Thursday at 2:30 p. m.

WILMER R. FREW

Wilmer R. Frew, 62, well known insurance man connected with the Erie Insurance Company for many years, passed away suddenly from a heart attack at his home, 612 Marshall Drive, Erie, early Saturday morning.

He is survived by his wife; a daughter, Mrs. Marshall Johnson, Brook street, this city; one son, Jack Frew, in Erie; also two grandsons.

The funeral was held from the Hanley Funeral Home in Erie at 3:30 p. m. today.

ALBERT M. MCCOSKEY

Albert M. McCoskey, aged 84 years, died after a brief illness at the home of his daughter, Mrs. Jesse Thompson, of Sugar Grove, early Friday morning. He is survived by three daughters and two sons.

Mr. and Mrs. Thompson left Saturday to accompany the remains to his home in Salem, Ind.

MRS. CARL E. NELSON

Clara Belle Reeves Nelson, wife of Carl E. Nelson, 22 Broadhead street passed away at the family home Monday evening at 8:20 o'clock after an extended illness. In addition to her husband she is survived by one sister, Mrs. Claude Feiro, of Warren.

Mrs. Nelson was a member of the Woman's Benefit Association. Funeral services will be held from the late home Thursday afternoon at 3:30 and interment will be made in Oakland cemetery. Friends may call at the home any time.

J. FLOYD B. SPRAGUE

J. Floyd B. Sprague died this morning at his home in Sheffield at 8 o'clock. His wife and five sons survive. Funeral services will be held Friday morning at 9 o'clock from St. Anthony's church. A more complete obituary will be published tomorrow.

Local Boys Get Wings At Flying School

Young Americans from every state in the union and from Alaska and Haiti received their silver pilot's wings in graduation ceremonies held October 1 for the central flying training command at Randolph Field, Texas.

Among them were Myron F. Kirberger, 113 North South street, Warren; Rudolph G. Donahue, Sheffield, both from Pampa, Texas; Byron E. McKenzie, of Akeley, from Foster Field at Victoria; James E. Cartwright, of Kane, from Blackland.

Precision trained in modern air combat, the bronzed and husky fliers need but brief transitional schooling before taking their places in the fighting armadas already blasting at the Axis on globe-straddling fronts.

The local boys are home on furlough with families and friends before reporting for their next assignments.

Still Closing Wednesdays at 1 P. M.

We are very grateful to our patrons for their wonderful cooperation in shopping early Wednesday morning.

Fire Equipment Display Is Of Much Interest to All Citizens

In the windows of the Pennsylvania Electric Company there is a most interesting display of fire equipment incidental to Fire Prevention Week. The display was arranged by Fire Chief D. G. Kropf and among the articles displayed are some that are of especial interest.

Hose couplings such as are standard in England are shown. These are of the snap together type and every Fire Brigade in the British Isles has this type of coupling. This enables every fire brigade to connect their engines or hose with any other company in the National Fire Service of England. In the United States there are a score of different hose heads and couplings used and in the event of large fires and mutual aid being sent from one community to another this difference of hose threads sometimes causes costly delays. Within a radius of

30 miles of Warren the fire departments have five different size couplings and hose threads on their 2 1/2 inch fire hose. Since England entered the war American manufacturers have supplied millions of feet of fire hose equipped with the snap couplings to the British Government.

Then there is also shown a Shanghai Fire Brigade coupling. These are unique because of the heavy thread used and the shape of the thread which is nearly half round. These couplings are also supplied by the American manufacturers.

OCD equipment shown consists of complete minor fire equipment for a 500 gallon government pumper with the exception of ladders and hose. It is of interest to note that all metal parts of the equipment with the exception of the swivel part of the couplings are made of iron; and a grade of iron which is not considered a vital critical material. Simplicity of design is also in evidence in this equipment as there are no gate valves or "wye" connections or shut offs on nozzles. Nearly all standard fire equipment of this sort is made of bronze, brass or aluminum.

The OCD hose is a single jacket hose which has received Emergency Approval by the Underwriters Laboratories together with the malleable hose couplings and the iron expansion rings which attach the hose to the coupling. The outer jacket consists of a single woven cotton jacket of short fiber cotton and the rubber tube or lining is made of reclaimed rubber with a percentage of crude rubber added. The standard city grade fire hose of peace time had a rubber tube that contained about 27% crude rubber latex. This Emergency hose is said to contain only about 7% crude rubber latex, and this type of tube is the standard for all fire hose manufactured today and until after the duration.

Other articles of equipment exhibited are: stirrup pump and hose, OCD pump tank, Auxiliary Fireman's helmet, Auxiliary Fireman's coat, Auxiliary Fireman's training manual, incendiary bomb used for training, U. S. Thermite bomb that has been fired under a quantity of

NEWS FROM HAWAII

Mrs. Carl Bengtson, West St., this city has just received a copy of the "Hilo Herald Tribune". Mrs. Bengtson received the paper from her brother, George R. Lilja who is located in Hilo, Hawaii with the U. S. Army. Mr. Lilja's home is in Dagus Mines. The paper is an interesting six page edition and carries the Associated Press News service.

MANY ERRORS MADE

The Local Ration Board reports a sudden spurt in receipts of applications for renewal of "A" books. They arrive by the hundreds every day. As fast as they can be processed, they will be mailed out. Please note it would only delay completing this task to answer questions as to when any particular application would be completed or to deliver it over the counter. Therefore they will all be mailed out when completed. A great many applications have to be sent back for correction. This is mostly from mistakes in the serial numbers. Use extreme caution throughout. Don't forget to attach old tire inspection showing at least one tire inspection, and the back cover of old "A" book.

State employment officials said today draft-deferred farm workers who seek different jobs during slack agricultural periods can be absorbed by other essential industries as fast as they become available. State selective service officials disclosed yesterday that agricultural workers can leave farms temporarily without losing their draft status, provided they switch to other essential jobs.

PROPOSED AMENDMENT TO THE CONSTITUTION APPROVED FOR THE FIRST TIME BY THE SPECIAL SESSION OF 1942 AND FOR THE SECOND TIME BY THE SESSION OF 1943 OF THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA AND PUBLISHED BY THE ORDER OF THE SECRETARY OF THE COMMONWEALTH IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

SESSION OF 1943 No. 1.

A JOINT RESOLUTION

Proposing an amendment to article eight, section eleven, of the Constitution of the Commonwealth of Pennsylvania.

The General Assembly of the Commonwealth of Pennsylvania hereby resolves as follows:

Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania be and the same is hereby proposed in accordance with the eighteenth article thereof:—

That article nine of the Constitution be amended, by adding thereto section eighteen to read as follows:

Section 18. All proceeds from gasoline and other motor fuel excise taxes, motor vehicle registration fees and license taxes, operators' license fees and other excise taxes imposed on products used in motor transportation after providing therefrom for (a) cost of administration and collection (b) payment of obligations incurred in the construction and reconstruction of public highways and bridges and for the payment of obligations incurred for such purposes, and shall not be diverted by transfer or otherwise to any other purpose, except that loans may be made by the State from the proceeds of such taxes and fees for a single period not exceeding eight months,

but no such loan shall be made within the period of one year from any preceding loan, and every loan made in any fiscal year shall be repayable within one month after the beginning of the next fiscal year.

THE CIVIL AIR PATROL

Squadron 53, Civil Air Patrol is in need of new members to bring it up to full strength. Former members of the Squadron are now serving in the Army, Navy, and Air Forces as pilots, instructors, mechanics, and in other capacities. The training offered by Civil Air Patrol has proven of great value to the members now serving their country in the armed forces and the program of training offered this year will be enlarged and intensified.

Civil Air Patrol, in recognition of its past accomplishments, has been transferred from the Office of Civilian Defense to the War Department and has become a civilian auxiliary to the Army Air Forces. It remains a voluntary civilian organization and membership is open to all native born citizens of the United States of America over the age of sixteen. There is no maximum age limit and no specific physical requirements. The applicant should be interested in aviation though not necessarily interested in flying or piloting aircraft.

Classes are now being enrolled for courses in the program of study offered during the winter months. The following courses will be offered: Air Navigation, Meteorology, Theory of Flight, Infantry Drill for Foot troops without arms, Military Courtesy and Discipline, Protective Concealment, Crash Procedure, First Aid. Such other courses as recommended themselves during the year will likewise be included.

During the year the Squadron will also concern itself with financing the purchase of a training aircraft to be used for Civil Air Patrol purposes and for the training of pilots and observers within the membership of Civil Air Patrol and Civil Air Patrol Cadets. It is planned that the purchase of the plane will be financed this winter and that the plane will be obtained and in operation in the coming spring.

Applicants wishing to become members of Civil Air Patrol may present themselves at Civil Air Patrol Recruiting Rooms on Second Avenue, next to the Western Union Office any Thursday evening between the hours of 7 and 9, or may attend Civil Air Patrol classes at the Warren County Court House any Wednesday evening promptly at 8 p. m.

ADVICE TO BICYCLE RIDERS

A reader, alarmed over the reckless manner in which some of the 1958 bicycles are being ridden on the streets and sidewalks of the borough, suggests the publication of a few "Safety Riding Rules," compiled some months ago by the Police Department for distribution among bike owners.

Strict observance of the following rules, just a few to be found on the sheet, will go a long way to keep bicycle riders out of accidents:

Ride your bicycle as you would drive a car.

Ride on your own side of the street or highway. The right side is your side.

Keep well to the right side of the street in order to leave room for cars to pass you.

Ride in a straight line. Never zigzag back and forth across the street or road.

Slow down on sun down. Ride at a slower rate of speed at night than during the day.

Ride cautiously through intersections even though you may have the right of way.

Come to a full stop before entering an intersection where a "Through traffic stop" sign is erected even though no traffic is approaching.

Stunt riding is unsafe on the street although it may be very interesting in a circus ring or on a vaudeville stage. Never ride without touching the handle bars with your hands, nor ride with your feet on the handle bars. It is better to show good judgment than to "show off," or show scars.

Sound your horn or bell courteously and in plenty of time to be heard and heeded. Remember that some are deaf and will not hear your warning.

Observe and obey all traffic signals, signs and lights.

If you must ride on wet pavements, ride carefully. Wet leaves and icy spots are treacherous. Apply your brake carefully to avoid skidding. Never lean your bicycle against a plate glass window.

It is encouraging, to say the least, that the council has taken steps that may result in the acquiring of property for an athletic field and recreation center, a community project badly needed over a long period of years. Here's hoping the committee in charge will be successful in its endeavor to get something started to provide these facilities for residents of the borough.

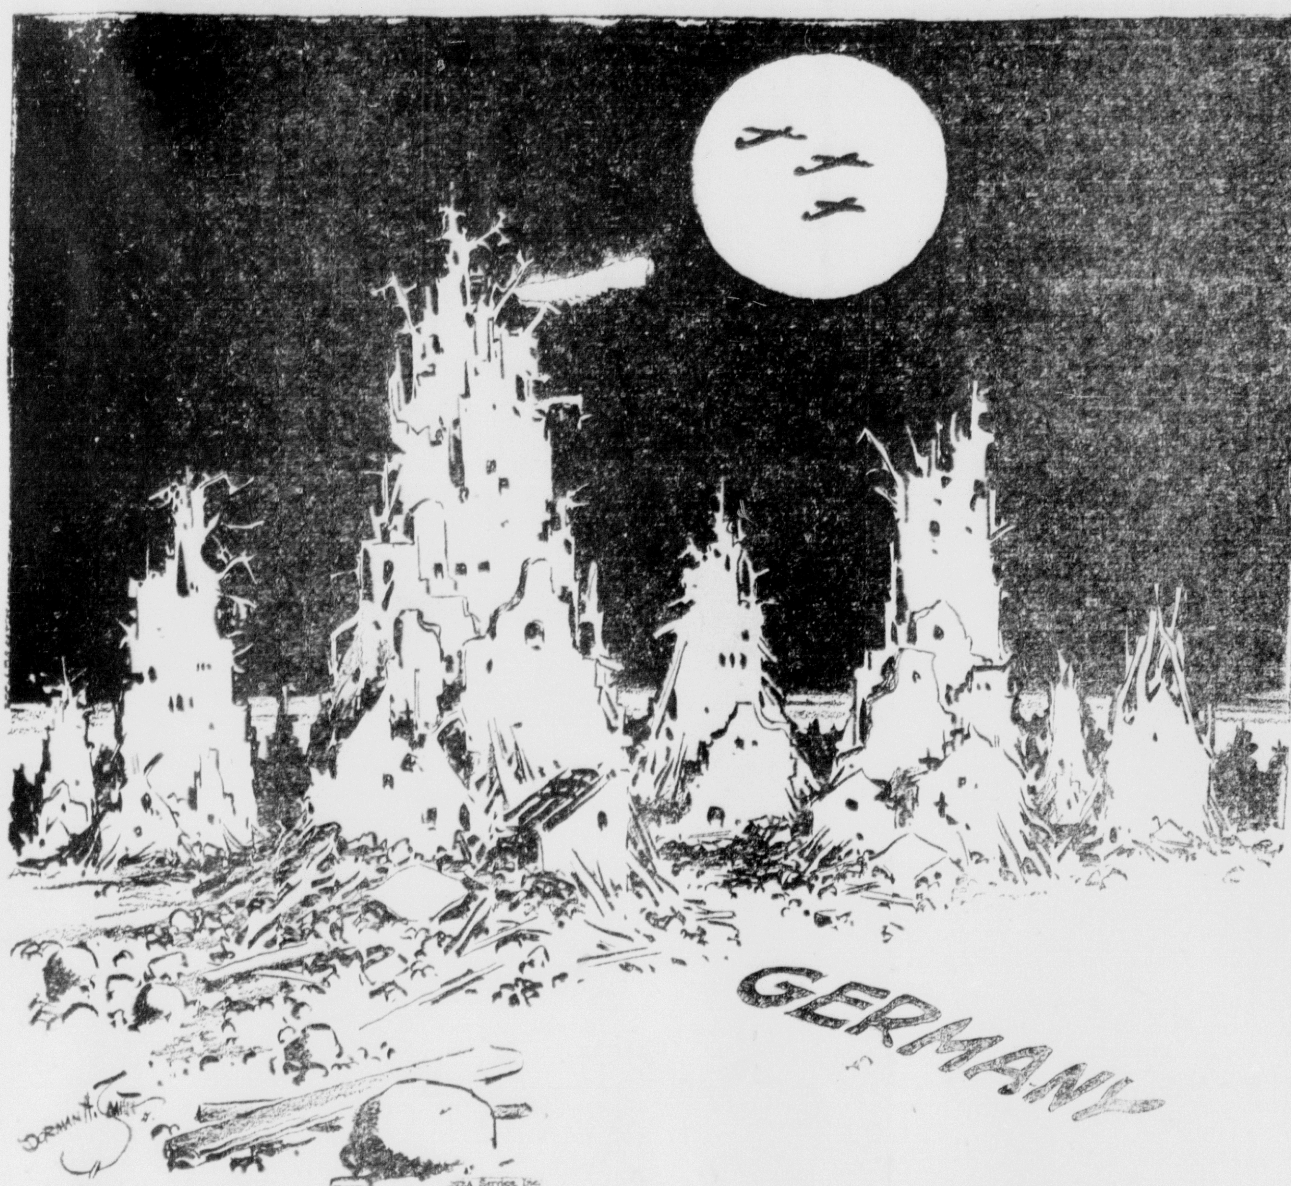

Potato ice cream is the latest thing in England. Now we can expect to hear of the oleo sundae.

T-H-O-U-G-H-T-S

Then I commended mirth, because a man hath no better thing under the sun, than to eat, and to drink, and to be merry. —Ecclesiastes 8:15.

Humor has justly been regarded as the finest perfection of poetic genius. —Carlyle.

Harvest Moon

Washington In Wartime

By JACK STINNETT

WASHINGTON—The capital in wartime:

Our latest addition to the sound and fury files is Rep. John H. Tolan's battle to convert the Senate Garage into sleeping quarters for visiting service men. It appears the congressman from California built his clincher argument on the fact that he had been snooping around the Union Station the other weekend and discovered a score of our boys in khaki and blues napping on the hard, hard benches.

That very same night, according to the war hospitality committee, there were 277 available free beds in Washington just begging to rest the weary bones of some service men. In fact, since the committee started functioning about a year ago, there has been only one weekend when the demand for beds even equalled the supply.

That was several weeks back when the big military carnival on the Washington Monument grounds ushered in the "Back the Attack" bond campaign. What we need in this town now is more beds for civilians.

NOTHING that has happened in recent months has caused more consternation in Washington than Gen. Douglas MacArthur's statement that no matter how "subordinate" is his role in the Pacific, he hoped to play it manfully and that island hopping is not his conception of how to win the war against Japan.

Within 48 hours after his statement was published, I heard these conclusions in various quarters, ranging from the military to the political: (1) That he merely was

trying to jack up Washington to give him more troops, supplies and ships for his drive to the Philippines; (2) that he was signifying a little bitterly perhaps his willingness to play second fiddle to Lord Louis Mountbatten, who will lead the attack from India (military officials here say this is a ridiculous conclusion because MacArthur's command and Mountbatten's don't conflict in any way); (3) that he is making a bid for a showdown which would result in his appointment as supreme commander of the entire Pacific and East Asia theatre; (4) that in spite of his protests that he has no political ambitions, he was thinking in terms of the presidential campaign next year and sought to prevent in advance any political sidetracking; (5) that he has only recently learned about the strategy in the Pacific and wants on record now that he doesn't agree with that strategy or feel very happy about the role he has been assigned in carrying it out.

With the exception of point No. 4, I think it's possible that all conclusions may have touched on the truth. In spite of the fact that there is bound to be a boom for MacArthur for president which will carry right to the Republican convention floor, I believe intimates of MacArthur here who insist that he has no interest whatever in that direction.

The fact remains, however, that MacArthur's statement has puzzled Washington observers more than anything that has come along recently and it will take the disclosure of military secrets which can be only divulged in action to clarify his meaning.

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD — Among the newer evidences of community spirit hereabouts is the Ernie Pagano fire department and milk delivery system, currently flourishing in the San Fernando valley uplands near Encino.

The customers get their morning milk from a shiny red fire engine and think nothing of it. Pagano, scenarist who has written Fred Astaire musicals and the more recent "Fired Wife," not long ago bought a dairy farm up there, and his neighbors include Robert Young, the actor, Scotty Welborn, the cameraman, besides a Los Angeles doctor, a Coast Guard officer, and a couple of automotive executives.

THERE evolved from this well-to-do grouping a community betterment organization, and out of this came the fire department. Minus other fire protection, the department was unable to buy a fire engine but did wangle a fire truck chassis and enough equipment to assemble a workable model. The truck is installed in Ernie's garage, biggest in the community. All residents are instructed to keep their swimming pools full as a water source.

The milk route sprang from the fire truck's need for exercise to keep up its battery and tires. Pagano's Jersey herd had been creamery supply for the community, and now the milk goes out—minus the sirens in the fire wagon.

ACTRESSES in period pictures get a lot of sympathy for their tight, restricting garments, but on Maureen O'Hara it is wasted. Miss O'Hara must dance,

ride horseback and make love, for "Buffalo Bill," in costumes running the full, unwholesome, concerted gamut of fashion from 1870 to 1905. But Rene Hubert, the designer, has taken the curse off the discomfort. The voluminous petticoats are merely a collection of ruffles sewed to the bottom of a single petticoat. The wasp waists aren't difficult because Maureen's is only 21 inches normally. The "stiff, heavy" fabrics are unlined and are the lightest obtainable.

Herbert Rudley, from the New York stage, is learning things about Ira Gershwin, whom he portrays in "Rhapsody in Blue." He has learned, for instance, that Ira enjoys a game of poker and has a trick of balancing chips on his forehead and making them stay there. He has learned also that lyricist Ira has a habit of pushing his eyeglasses, as well as poker chips, up on his forehead. But there are no poker games in the picture.

Rudley asked Ira for suggestions about how to play Ira, but Ira had none.

"I told him," says Rudley, "that I guessed the characterization would be a lot of Rudley and very little Gershwin, and he said that was all right. But I'd still like to know how he manages to balance those poker chips."

John Campbell, newly arrived from the "Junior Miss" road company to play one of the five brothers in "The Sullivan," was advised on registering for the Screen Actors Guild to change his name because two other Campbells were already on the rolls as actors. He made this deal with John 1 and John 2, both at Camp Robbins, Ark., whichever first makes the name film-famous will keep it, the others must change.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1933

George P. Orr, one of the foremost merchants of the city for many years is celebrating his 77th birthday. He attended the old Warren Academy, was president of the first Warren county fair.

Repairs are being made at the Pennsylvania Station. Crews of men are putting in new planking and new ties are being placed.

The Carver House will have a new tile floor covering all of the lobby. The material has arrived and the work of installing it will be undertaken within a few days.

Dr. John Grant Coyle, of New York City will be the speaker at the Columbus Day exercises which will be held at Library Theatre. The meeting will be held on Sunday, October 14.

Chido and Foley who have the contract for building the road from Russell to Lander are making good progress. Concrete is being poured at the rate of 500 feet per day and it is expected to have the job completed and open for traffic before winter comes.

In 1933

It is expected that the football rosters from Bradford will be here in full force on Saturday when the Bradford gridders come to Warren to play the Dragons.

Women of the Grace M. E. church will hold their last coming day fort he Ruth Smith orphans home tomorrow. Several hundred cans of vegetables and fruits have been put up by the women.

The pony owned by Dan Cornish attracted much attention at the horse show in connection with the Youngsville fair. The pony is smaller than the one exhibited at the Century of Progress.

The Grand Union store is advertising two large cans of peaches in heavy syrup for 27 cents.

Youngsville is preparing to participate in the NRA parade to be held in Warren October 12. A big delegation will come up for the occasion.

Charming Censor

Take a look here, those of you who imagine a censor as a grim old guy with an eyeshade and big pencil. This is Charlene Miller, sunning at a Los Angeles pool between stints as a censor for the American Women's Volunteer Service.

Final reports for the year ending August 31st, just compiled show that scrap collections by Chevrolet dealers all over the country represented a huge and important contribution to the production of war materials. The total amounted to 230,646,574 pounds or 115,323 tons, according to William E. Holler, general sales manager.

Used and recommended for years by Nurses and Physicians . . .

Options Taken On Local Sites By Fairchilds

At a board meeting of the Fairchilds Engine and Airplane Company held in New York today, steps may be taken that will bring to Warren one of the most outstanding plants that has ever located in the city. The concern manufactures airplane engines and has taken an option on properties in this city which will be acted upon today. The options expire November 2nd.

An option has been taken on Plant No. 1 of the Phenix Furniture Company on Carver street and also on the property formerly used by the Wilburine Oil Company south of Lexington avenue and which runs from Carver street to Oak street. This would afford the company plenty of land for the erection of a large plant.

It is hoped that favorable action will be taken at the meeting of the board held today as the ren would add much to the manufacturing of such a plant in Warfufacturing and business life of the community.

Instructors Named For War Classes

Registration for the Pennsylvania State College War Training classes will take place from 7 to 9:30 p. m. Wednesday and Thursday in the local high school building.

Instructors have been secured and will be present during registration to assist applicants with selection of courses and other information. These classes will include Chemistry of Engineering Materials taught by J. W. Moore; Cost Accounting for War Production will be taught by C. O. Swanson; E. R. Carlson will instruct the class in Foundations of Engineering; Engineering Drafting will be taught by J. C. Allen and K. W. Barnhart; Operations Inspections class will be taught by G. P. Budd; Production Control will be taught by W. E. Miller; Qualifying Mathematics will be taught by F. W. Bathurst; and Stenography of Materials will be taught by J. C. Allen.

There is no charge for class other than textbooks and material essential for the successful completion of the course. These classes are part of the tuition free ESMWT program sponsored by the United States Office of Education.

Ruffin Springs Upset Victory

New York, Oct. 5.—(P)—Bobby Ruffin, a "fancy danc" from Long Island, is in line today for a shot at the lightweight title as a result of his upset victory over the ex-lightweight champion, Beau Jack.

Ruffin, so little regarded in the betting that the odds went as high as 10 to 1, punched out an unanimous decision over the former Augusta, Ga. shoeshine boy before a World Series eve crowd of 14,449 at Madison Square Garden last night. The gross gate was \$43,429. Wearing a bandage around his right knee, the Beau never got a clear shot at the feinting and counter-punching Ruffin, who waged one of the best fights of his career. The Beau did cut Ruffin's left eye in the eighth round, but for the most part Ruffin made the Beau look silly on repeated wild swings that swished harmlessly through the air as Ruffin ducked out of range.

Miss Irene Spade has returned to her home at 1403 Pennsylvania avenue west, after being in Erie where she submitted to an operation on her foot at the Hamot hospital.

Kathryn E. Morse Becomes Bride of Benjamin H. Vine

Palms and white gladioli, with white tapers, were used to decorate Trinity Memorial Episcopal church for the marriage of Kathryn Elizabeth Morse, daughter of Mrs. Clinton B. Morse, 202 East street, and Benjamin H. Vine, of Pittsburgh, son of Mr. and Mrs. H. L. Vine, of Ann Arbor, Mich. The ceremony was performed by the Very Rev. William E. Van Dyke, of Smithport, and wedding music was by Miss Jean Robertson.

The bride was given in marriage by her brother, Cpl. William R. Morse and attended by her sister-in-law, Mrs. Morse, of Philadelphia. Her frock of white satin was fashioned with sweetheart neckline and nipped overskirt and her veil was fingertip length. The matron wore blue velvet with nipped overskirt and a matching veil. Mrs. Morse wore medium blue crepe with matching velvet hat and Mrs. Vine's velvet hat matched her frock of old gold crepe.

James Butcher, of Pittsburgh, was best man and ushers were Weston Ensworth and Richard Wickstrom, of Warren. A reception for 40 guests followed in the parish house, where white gladioli, chrysanthemums and palms were used with candles and a bride's cake centered the table. Guests included Mr. and Mrs. Vine, Ann Arbor; Miss Anne McEntee, Detroit; Cpl. and Mrs. William R. Morse, Philadelphia; Mrs. Raymond Coudige, Mr. and Mrs. L. M. Adams, Wellsboro; Miss Mary Catherine Culley, James Butcher and Harry Glenn, Pittsburgh.

Later, the couple left for a western wedding trip, to be at home after October 15 at 210 Main street, Tarentum. The bride is a graduate of the local high school and of Pennsylvania College for Women. Mr. Vine received his bachelor's and master's degrees at the University of Michigan, where he was a member of Acacia Fraternity, Tau Beta Pi, Sigma Xi and Sigma Pi Sigma, scholastic honorary societies.

The bride-elect, who has been employed at the Warren Public Library, was honored with a tea given by Mrs. Paul Arnold, Mrs. Samuel Ostergard and Mrs. John Lutz and with a rehearsal dinner given at the Hotel Carver by Mr. and Mrs. George Frantz.

Society

Fine Speakers Scheduled For Sessions Of Erie Conference WSCS This Week

Sessions of the Erie Conference WSCS annual meeting in First Methodist church Wednesday and Thursday will bring several speakers whose topics will be of interest to both members and guests of the society.

These include Miss Ethel Harpst, mountain girl of Georgia, who founded the Ethel Harpst Home for destitute and orphaned children in 1923; Miss Winnie Kemp, daughter of a Methodist medical missionary and student at Allegheny College, and Miss Laurene Royer, resident director of Neighborhood House at Erie. Miss Harpst will speak on Wednesday and Thursday afternoon; the others, Wednesday evening.

The Ethel Harpst Home, which houses 125 children, is completely filled and has a waiting list, consists of three large dormitory buildings and farming areas which are donated by wealthy friends from New York City and the state of Georgia. No better recommendation of its head could be found than the following quotation from "Story of Georgia", published by the American Historical Society:

"The Ethel Harpst Home stands as a monument to the woman for whom it was named. A great humanitarian, a woman, who, recognizing her mission in life, continues to fulfill it with all of the zeal and enthusiasm at her command. Ethel Harpst has won her way into the hearts of her fellow-citizens at Cedartown (Georgia) through her many acts of kindness and the work she has accomplished in caring for parentless children. They boys and girls who go out from Harpst Home make a valuable contribution to a better way of life wherever they go."

Winifred Esther Kemp, a junior

at Allegheny, will show pictures of the mission field in Portuguese West Africa (Angola) where she was born and from where her father, Dr. Alexander H. Kemp, and her two youngest sisters have been unable to return to this country because of war conditions.

She was graduated from Northfield Seminary in Massachusetts in 1941, is majoring in the modern romance languages of French and Spanish and also speaks Portuguese. She has been in this country since 1936, earning her schooling on scholarships and by working summers at Northfield Seminary and at Chautauqua. Her engagement to Ted Husted, son of Mr. and Mrs. H. H. Husted, of Youngsville, was announced some time ago.

Miss Royer already has many friends in the community, principally through her appearance here in April as a speaker at the Erie Presbyterial sessions and shortly afterward, as guest speaker for the Second Auxiliary Missionary Society of the First Presbyterian church.

She is the daughter of Dr. Benjamin Bunn Royer, of Franklin, who is a former moderator of the Pennsylvania Synod of the Presbyterian denomination. She assumed her duties as director at Neighborhood House in Erie about a year ago, having served prior to that time as state secretary of social education and action of the Pennsylvania Synodical. Many in Warren who know Miss Royer personally will welcome this opportunity of hearing her again.

The women of First church WSCS, hostesses for this third annual meeting of the Erie Conference group, extend a cordial welcome to all interested to hear these Christian leaders.

Initial Departmental Session Follows Woman's Club Annual President's Day

The first regular fall meeting of the Woman's Club was held Monday afternoon at the clubhouse when Mrs. C. W. Beckley conducted the initial session of the Art Department.

The year's theme for this group is "Modern Trends in Art", with Robert B. Leonard, formerly of St. Louis and now of Kinzua, as guest speaker. A student of art since his early days, particularly the graphic arts and printing, he attended both the Washington University department of fine arts and the Chicago Academy of Fine Arts. Following the formal talk, he told of some of his teaching experiences in Chicago, Baton Rouge and other centers.

Mrs. Allison Wade made announcement of next Monday's meeting of Literature Department and the group was invited to have tea in the club dining room. Presiding were Mrs. W. E. Yeager and her sister, Mrs. Earl Fenderston.

Club members observed their annual President's day with a delightful tea on Friday afternoon

honoring Mrs. Gerald Wright. The program opened with a group of soprano solos by Mrs. Corinne Dean, accompanied by Mrs. Harriet Wilkins. Her numbers were "Into the Night" by Edwards and "Sweet and Low" by Carey.

After extending a welcome to the members, Mrs. Wright outlined the board's activities of the summer and called upon the following departmental chairmen for an outline of their programs: Art, Mrs. Beckley; Dramatic Section, Mrs. Hans Svanoe; Literature, Mrs. Wade; Community Service, Miss Dorothy Newell, and entertainment, Mrs. J. H. Goldstein.

Tea followed, with Mrs. W. F. Clinger and Mrs. Freeman Hertzel, house committee members, pouring at a table attractive in a silver bowl of pink and lavender flowers and silver holders for pink candles. Throughout the club were many gifts of flowers, including bouquets from the Metzger-Wright Company and Gerald Wright, while a corsage given the president was of roses from Mrs. Burr Walker's garden.

Social Events

PHI ZETA CHI

The regular meeting of Phi Zeta Chi Sorority will be held at eight o'clock this evening at the home of Barbara Boynton, Third avenue.

W. B. A. MEETING

Review No. 4, W. B. A., will meet in S. F. of A. hall Thursday evening, and a large attendance is desired. October birthdays will be celebrated and all members are reminded to bring a tureen.

BIRTHDAY ANNIVERSARY

Mrs. Casper Leuthold, Cobham Park Road, celebrated her 80th birthday on Sunday. The happy occasion was a family dinner, and the honored guest received many lovely gifts and flowers.

PHILOMEL CLUB

The first fall business meeting of the Philomel Club will be held at 2:30 p. m. Wednesday at the Woman's Club, conducted by the president, Mrs. Alice Russell. President's Day for the club will be observed next Wednesday, October 13.

MARCONI BRIDGE

Six tables were in play at last night's duplicate session at the Marconi Club, with Miss Barbara Dennison and Dr. R. H. Israel high; C. Emerson Metzger and Mrs. Jessie Sandrock, second; Henry Hunzinger and Richard Forbes, third.

OCTOBER MEETING OF COLLEGE CLUB

Miss Helen Murray, of Tionesta, will be guest speaker for the October meeting of College Club, to be held at 8 p. m. Friday at the home of Mrs. W. H. Schellhammer, 600 Market street. Her topic will be "Argentina".

Reservation cards are to be returned before Thursday to Mrs. Donald E. McComas, 12 Central avenue.

BIRTHS

IN CLEVELAND
Mr. and Mrs. James E. Underwood, 1361 West 112th street, Cleveland, O., are the parents of a baby boy, Charles Leslie, born yesterday morning at the St. John's Hospital. The mother is the former Mary Jones, Fourth avenue.

CHURCH REVIVALS

PILGRIM HOLINESS

Evangelistic meetings begin this evening at 7:30 at the "Little White Church" in Fourth avenue, with Rev. R. Kyle Ballard, of Owosso, Mich., as the engaged worker. Rev. Ballard, after spending a number of years as pastor of a Pilgrim church in Michigan, is giving his entire time to the work of evangelism.

For those desiring to attend the services from the East Side, there will be free bus service each evening to and from the church. This bus will leave Park street at 7:15 each evening. A welcome awaits all interested.

AT THE HOSPITAL

Admitted Monday
J. R. Allen, 606 Pennsylvania avenue, east.

James Greenlund, 11½ Linwood street.
Mrs. Philomena Scalise, 413 Taft Place.

Howard Crocker, Pittsfield.

Discharged Monday

Felix Higgins, Russell.
Georgia Armstrong, 1528 Pennsylvania avenue, west.

Mrs. Genevieve Smith, 106 Sixth avenue.
Mary Andrea, 1109 Pennsylvania avenue, west.

Mrs. Goldie Beardsley, Spring Creek.

Personal Paragraphs

Misses Elizabeth Crane and Louise Williams have returned home after spending a short time with Miss Doris Crane, of this city.

Miss Margaret Blick, daughter of Mr. and Mrs. Henry F. Blick, 103 Lookout street, has enrolled for her freshman year at Wheaton College in Wheaton, Ill.

Guests at the home of Mrs. Blanche Mitchell, 212 West Fifth

avenue, are Mr. and Mrs. Harry Mitchell, Manchester Center, Vt.; Mrs. Maude Hoagland and Mrs. William Reese, Youngstown, Ohio; Mrs. H. C. Frayer and son, Warren, of Elkins, W. Va.

Mr. and Mrs. William B. Lynde have returned to their home in Buffalo, N. Y., after a week's visit with Warren relatives and friends.

Miss Norma Sontag, who spent last week with her parents, Mr. and Mrs. Charles Sontag, Oneida avenue, has returned to Pittsburgh to resume her training in Montefiore Hospital. She had with her as a guest Miss Marian Goldberg, in training at the same institution.

"Count" and Mrs. Guiffre, 910 Pennsylvania avenue, west, have left for New York City to attend the World Series. They will also visit in Atlantic City and in Baltimore before returning.

Miss Lois E. Johnson, daughter of Mrs. George Johnson, Canton street, and Miss Martha Jacobson, daughter of Mr. and Mrs. Henry Jacobson, Glenwood street, have returned to Minneapolis, Minn., to resume their studies at the Lutheran Bible Institute.

Mr. and Mrs. Arch Bristow, of Garland spent some time in the city yesterday on business, Mr.

Bristow is a columnist on the Erie Dispatch-Herald and writes of rural life in a most engaging manner. He is featuring visits to country churches in the Dispatch-Herald territory and has gained a huge circle of readers.

Mr. and Mrs. Eugene Johnson, Mrs. Lloyd Turner and daughter, Jean, have returned from a visit with Cadet Warren M. Johnson, who is stationed at the Johns Hopkins University in Baltimore, Md.

Social Events

SIGMA TAU DELTA

The regular meeting of Sigma Tau Delta Sorority will be held at 7:30 this evening at the home of Miss Janice Peterson, Frank St., and a large attendance is asked.

DEMOCRATIC WOMEN

The Warren County Federation of Democratic Women held its October business and social session Monday evening at the home of Mrs. Mark Summerson at Pittsfield. Mrs. C. I. McCracken, president, was in charge of the business portion of the evening, when five new members were accepted. The next meeting will be held at the home of Mrs. John Reiff, Brown Run, on Monday evening, November 1.

Interesting Film Will Be Shown C.A.P.

Members of Warren Squadron 53, of the Civil Air Patrol will view a film on "crash procedure" at the weekly meeting Wednesday evening. The meeting will be held in the small court room of the Warren County Court House at eight o'clock.

The film to be shown will illustrate the method in which airplane crashes are handled when they occur at an airport. Fire prevention, first aid and salvage are among the subjects discussed by the film. Following the showing Fire Chief Douglas Kropp will be on hand to answer questions on the subject of fire prevention in connection with crash procedure. All members and interested persons make it a point to attend the class.

The management of Spencer hospital at Meadville reports the 5,000th baby born there since 1928. It was a daughter to Capt. and Mrs. James N. Osborne of Detroit. Mrs. Osborne being formerly Miss Florence Westcott of Conneautville.

Yankees 5 to 8 Favorites as Tossup Series Starts

70,000 Fans Expected To Be On Hand For Classic Between New York and St. Louis Today

New York, Oct. 5.—(P)—The New York Yankees and the St. Louis Cardinals and some 70,000 just-plain-fans moved in on Yankee Stadium today for the start of a World Series that was as close as butter on your bread to everyone except the gambling guys betting on the brawl.

With Spud Chandler, the ex-Georgia footballer and lately hot-test pitcher in the American League, a lopsided 5 to 8½ choice to give Lefty Max Lanier a lesson in the plain and fancy art of throwing a baseball in the opening shindig, the Bronx Bombers drove into the annual fall fust the shortest price they've been in more than a decade.

But while the gambling guys put the Yanks on a 5 to 7½ pedestal to win back the World Championship in this return match with the St. Louis Swifties—whether it takes four games or the legal limit—just about everyone else (including the hundreds still looking for series tickets and a place to sleep) were making this return match of the 1942 taffy pull strictly a case of "you pays your money and you takes your choice."

From all angles it was a hair-pulling "rattle" between the speed and all-around hitting of the "Sweethearts of St. Lou" against the noted pitching edge and the extra-base blasting of the Bombers.

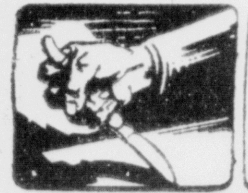

The annual tea-party was shooting at the 69,902 "high" mark hit by the Cards and the Yanks in their Sunday game here a year ago. All reserved and box seats were sold and the bleacher waiting line formed at the right window for 26 hours before starting time at 1:30 p. m. today.

Last Night's Bouts

New York—Bobby Ruffin, 135½, New York, outpointed Beau Jack, 140½, Augusta, Ga., (10).
Newark—Johnny Carter, 163, Philadelphia, outpointed Johnny Brown, 164½, New York (10).
Providence, R. I.—Jackie Wilson, 125½, Pittsburgh, outpointed Larry Bolvin, 128, Providence (10).
New Haven, Conn.—Herman Badger, 171, New Haven, Conn., outpointed Aaron Eastman, 171, South Norwalk, Conn., (8).
Baltimore—Curtis Sheppard, 213, Pittsburgh, knocked out Wally Cross, 200, Newark (10).
Springfield, Mass.—Sonny Horne, Niles, Ohio, outpointed Jerry Maloni, Springfield, (Middleweights) (10).
Washington—Henry Leftra, 130, outpointed Johnny Cockfield, 128, New York, (10).

In the Wake of MURDER

By ADELINE McFRESH

Chapter 15
BRAD waited until both of Black's cars had driven off, Jane and her aunt going home and Ed back to the Chronicle office, then he hurried to the grocery store on the corner. He glanced back. Yes, Brad was still there, leaning against his car. There was no mistake. The scar on his left cheek identified him positively as the man in Jane's office.

"Telephone?" he asked the grocer, who was standing in the door, watching the crowd at the church. The man nodded and jerked a thumb over his shoulder.

Brad went on in. He dialed police headquarters.

"Mack?" he queried when the sergeant answered. "Brad Forrester. Radio the car at the funeral and have them put a tail on a guy named Brandt. Yeah, B-r-a-n-d-t." He gave the officer a brief description, then listened while the information was repeated. "Right," he said. "No, no specific charge yet. I just want to talk to him. He may have some of the answers."

He hung up. "Thanks, bud," he said as the grocer stepped aside to let him out.

Men and women were still leaving the church and milling about on the frozen lawn, waiting until Billingsley's body was transferred to the hearse that stood at the end of the walk. Why do people do that? Brad asked himself. Why do they force that much more sadness on the bereaved? Many of those persons, he realized, had come today only because of the notoriety connected with the case. Had Chester Billingsley died in bed, of natural causes, only relatives and friends truly paying tribute would be here now. Instead...

BRAD shook his head, trying to banish the thoughts that only made it more difficult to face the fact that he had failed. For the first time, Brad Forrester was up against a blank wall. He had no clues, nothing.

By now, clues should be pointing the way to a solution. There should have been something after that explosion. After Chet was murdered. But all he had was the letter—totally devoid of finger-

Ladies Minor League

The Ladies Minor League with eight girl teams, mostly all first year bowlers, got under way at the Penn Center last evening as Warren Transfer, with Samuelson's 156-276 was high for the winners as they took two points from Angel's Beauty Salon, Guido's 118-221 high for the losers.

Winerite's took two points from the Checker Board Stores with Massa's 154-303 high for the evening. Culbertson's 243 led the losers.

Ekey's Florists and Seagist's each took a point. Betty Currie's 145-271 led the Florists. Russell's 153-265 led the Seagist Stars.

Heald's Stars took two from the Penn Furnace as Sterling's 140-280, Heald's 118-225 led the winners.

The girls will continue next Monday at 9:00 o'clock with all girls very enthused over their success on their first night at league bowling.

Heald's	2	0	1.000

Locals Take To Hilltop Friday Nite

The Warren Dragons, minus their shifty quarterback, Gusto Arrigo, go into their yearly classic Friday night at Jamestown against the mighty Red and Green charges of Denton Moon.

Undoubtedly one of the largest crowds to trail a Dragon team this year will truck to the hilltop to watch the Blue and White clash with their ancient rivals on enemy homegrounds, and from all reports especially out of the Leidge camp, anything can happen.

The Dragons, gaining confidence after their comparatively easy win over the highly touted Oil City Oilers, are expected to put up a terrific battle to erase memory of last year's stinging loss.

The Red and Green has lost quite a few men from last year's squad, notably Pete Wilson, the princely Scotchman who just whipped the locals single handed last year, and if ever the Leidge men had confidence they would down the colors of Jamestown high, it is this year because they figure on matching their green rivals with something a little more on the solid side.

This year's tilt is scheduled for 8:00 p. m. under the maddas of the High School stadium, and although some of the players on the Warren squad have had experience under the lamp's it may mean quite a bit of difference to others as it seemed to at Bradford last season.

This week the local eleven is working out the fewer and fewer kinks in their blocking, which is definitely going to make a big difference, even over last week's near perfection game.

Whatever happens Friday night, its cause for half of Warren to start thinking about it because there is always that feeling of "Beat Jamestown" present for a full week before the traditional classic.

Ridgway Outclasses Sheffield

Ridgway sent its High School Football team to Sheffield on Saturday and Sherm Stanford certainly did take his old Alma Mater with his outfit to the tune of 19 to 0. Ridgway used its first team during the first half and the outfit was too strong for the

Sheffield lads. In the second half Stanford used his second and third string boys.

Sheffield was outweighed and outplayed and Ridgway has one of the best teams in its history. The line and backfield of the first team are all lettermen and their experience stood them in good stead. The Sheffield boys played a steady game and there were no fumbles or miscues. It was simply a case of not being good enough for the visitors. Varner, of the Sheffield team was the shining light of the tannery town team.

 (From Page One)
 The police last month, with fines paid amounting to \$66. The parking meters added \$970 to the borough funds. Over \$1100 in stolen goods were recovered by the police during the month.

The fire department answered 11 calls involving property worth \$33,500, with a loss of \$153.

The fire station for No. 3 engine company is progressing but slowly. The cement floor is not yet in place, the plastering is not finished and the electrical installation have not been completed. The furnace has not arrived and it will be several weeks yet before the place is ready for occupancy.

The building committee read a schedule of prices received from local stores for paint to be applied next year and the committee was instructed to buy at the best price.

The city scales took in \$29.30 last month and the airport added \$82.55 to the coffers.

It was also reported that the re-surfacing of the airport runways would cost \$3,000 with one coat of asphalt and crushed stone. No action was taken.

A committee composed of Messrs. Stone, Baldensperger and Hampson was appointed to confer with the borough solicitor relative to setting up a police retirement fund as provided under a recent act of the assembly.

Robert Punskey entered a complaint on a nuisance on the East Side and he will meet with the burgess and borough solicitor to discuss the matter.

Rev. Knapp Is Welcomed To Clarendon

About 95 friends of the Rev. Jesse J. Knapp, of Clarendon, gathered in the Methodist church parlors at that place Friday evening for a party which welcomed him to the community for another year of service.

A delicious tureen supper was served at 6:30 o'clock at tables attractively decorated in fall flowers.

The program later was as follows: Reading, "Welcome", Mrs. Earl Smith; greetings and welcome to Rev. Knapp and Rev. A. G. Meade, Evangelical minister, D. L. Taylor; hymn, "Blest Be the Tie That Binds"; responses, Rev. Knapp and Rev. Meade; vocal solo, Joan Yagge, of Warren, and cello solo, Joyce Barnes, both accompanied by Clara Nielsen, Warren, on the piano. Mrs. Knapp, on the cello, Paul Pittman, violin, and Miss Barnes, piano. The closing number was group singing of the hymn, "Abide With Me".

Approximately 500 new patients many of them from the battle-fronts of the world, arrived at the Deshon General hospital at Butler last Thursday and Friday.

TIMES TOPICS

TO HOLD INSTALLATIONS

Ralph Wilkins, district deputy of the Odd Fellows in this section has announced that he will install officers of the Corydon Lodge Wednesday evening. He asks for a good representation from other lodges in the county.

WILL HANDLE SALES

It was learned today that the Omega Phi Delta Sorority members will handle street sales Saturday when the Lions Club holds its annual "Daisy Sale" by which funds are secured for the club's work among the blind of the county.

HIKERS VISIT ROCKS

Eleven hikers, including three newcomers, joined the Allegheny Hiking Club's first trip of the season Sunday afternoon. The autumn foliage was in full color, and with the cool, invigorating air, a very enjoyable trip was reported. The party drove to the Hatch Run road at a point where the side road turns off toward Gardners Rocks, and walked from there to the rocks, where several explored this territory for the first time, and all enjoyed the splendid views from the top of the hill, and returned to town about six o'clock after having five miles of walking and a good start for the season of hiking.

You'll Jump for These!

Gabardine Jumpers

5.95

First they are gabardine, then they button up the front from hem to waist, then they are fitted in at the waist. These with the two pockets on the bodice give them that extra style appeal. In all colors.

"Go With" Blouses

The World and Warren County

This is one of a series of articles describing the work of the various welfare agencies of Warren County. It is written in connection with the Warren County United War Fund campaign for \$88,700, \$49,000 of this total (the largest quota in any drive in a quarter of a century) remains in Warren County.

The Y. M. C. A.

The juvenile court dockets of practically every community in the nation mirror the shocking details of one of war's most insidious by-products—juvenile delinquency.

The sharp rise in the number of cases dealt with daily is not a peculiarity of World War II. Statistics show that a similar condition obtained during World War I and previous conflicts, although it was less general and in a less serious form.

Juvenile delinquency in wartime is generally attributed to two main factors—the feeling by the 'teen age youth that he is "left out" while others are actively engaged in the war effort, and the common lack of normal home guidance because of the pre-occupation of family heads.

An abnormal burden, therefore, is placed upon already constituted agencies, and it is the solemn duty of every American to back up these agencies in their fight to protect our Youth from lawlessness, just as surely as it is our duty to back up our armed forces. The foe, in different form, is identical.

When you give to Warren County's United War Fund, you are aiding one of the agencies whose purpose is the organization of youth and their guidance—the Young Men's Christian Association.

It is a truism that Youth, properly guided, will give our country the Man to whom a post-war nation must look for leadership. In this connection, it may be well to note here a few statistics from the last annual report of the Y. M. C. A., showing how Warren's young men have been offered the type of group leadership they should receive.

Last year there were 151 separate groups sponsored in the Y. M. C. A., with a total of 1,859 boys enrolled. The Y. M. C. A. provides the place—the wholesome environment—where boys may and do gather for informal activities, with trained supervision. It is a primary function of the Y. M. C. A. to develop the leadership quality in the boy and this purpose is kept in mind in the whole program: social, physical and religious.

There were 1,148 sessions of all groups held last year, with a total attendance of 47,029. Of these, 6,715 were non-members, which well reveals the scope of the Y. M. C. A. program locally.

But the Y. M. C. A. serves another important function to youth and to all ages—the building of a strong body and healthful exercise for it.

Three hundred and fifty boys between the ages of 9 and 18 are participating in the regular activities of this kind, including gymnasium, swimming, game-rooms, and out-of-door activities. The same number of young and older men are members of the Senior Department.

The swimming pool, alone, is a great community asset. The public schools are using it, with the "Y" physical director as instructor, in their pre-induction training program for older boys. The Red Cross uses it regularly for life-saving, functional swimming instruction and other vital programs. The Boy Scouts and Girl Scouts are also frequent users for the teaching of swimming and passing of tests.

It is noteworthy that the pool is serving women and girls with supervised swimming and instruction, and church, school and other community organizations also take advantage of it.

Older men have the Foremen's Club and the Old Guards as organizations sponsored by the "Y", the former having a membership of 90. Volley-ball classes are held twice weekly for professional men, while special exercise rooms and hand-ball courts contribute to many a man's well-being.

The Y. M. C. A. is always ready to cooperate with other community groups in worth-while programs, and the most notable of these is undoubtedly the organization of a group of 30 to 35 economically under-privileged boys who receive a full educational, physical and social program.

It is certain that every one of us can recognize the enormous value of the Y. M. C. A. to the future of our town and nation—when you give to the United War Fund, you will be doing your share in fighting on the Home Front.

Party Proved 'Y' Boys Enjoy Fun Aplenty

Marked by loads of fun and interesting information the "Kick-Off" Party of the Y. M. C. A. Boys Division was held last Friday evening, with 114 boys participating in this official opening of the Y's fall and winter season.

In charge of General Secretary Ralph H. Wagner and Physical Director Wm. L. Parmelee, the program of the evening included sports and comic movies, short talks, swimming and refreshments. Appropriately, the first film shown was one depicting a number of selected football classic thrills from 1942 games, the boys entering into the spirit of the game by enthusiastically cheering the sensational passing, kicking and running of the collegiate players.

But for thrills and laughs the picture which topped the evening's program was a Laurel & Hardy two-reeler, which kept the lads on the edges of their seats, when not off them. Mr. Parmelee gave the boys the details of his plans for their physical development and recreation in the gym and swimming pool. With regular classes beginning today, Mr. Parmelee's remarks made it evident to the boys that they are headed for a season of most interesting physical program of activities.

Mr. Wagner in his talk stated that the Gray Junior Hi-Y and Senior Hi-Y would get underway as soon as re-organization meetings could be held, some of them this week. A serious shortage of group leaders may delay the opening of several clubs for a time. Division parties will be held on the average of one each month, the next one scheduled for Halloween. Bible suppers, too, will be resumed in November, Mr. Wagner announced. An interesting program of game-room activities was promised, too.

For those who wanted it—and most of them did—there was a swim in the pool, which was very acceptable to most boys almost any time. The few who did not wish to swim enjoyed games in the boys' lobby. To close the event with that without which no party is a party, "eats" were served in the dining room.

Meacham In England With Red Cross Unit

An Associated Press dispatch received today from Alexandria, Va., announces the safe arrival in London of 143 American Red Cross workers, including Emil K. Meacham, formerly of Erie and Warren.

Son of Mr. and Mrs. H. B. Meacham, Crescent Park, and graduate of the local high school, Mr. Meacham attended the University of Pittsburgh and, until his present assignment, served the eastern area Red Cross as assistant director of camp and hospital counsel service.

Previously, he was an assistant field director for the Red Cross at the Norfolk, Va., naval air station.

His wife is residing in Erie during his service overseas.

There are more than 10,000 miles of navigable waters in the Mississippi river system.

Millions Can't Buy Good Health

but 50c spent for Thompson's Borsoma Tablets will often buy it for you.

Growing health depends largely upon active kidneys carrying off poisonous waste matter and excess acid. Thompson's Borsoma Tablets stimulate healthy kidney action by increasing urinary secretion, and help you say good bye to headaches, dizzy spells, and that miserable run down feeling. 50c at drug stores. If you are constipated also, take Golden Lax Tablets 25c.

SHEFFIELD NEWS

Sheffield, Sept. 30—The Loyalty Bible Class of the Bethany Lutheran church will meet with Mrs. Otto Schmiden, Tuesday evening, and Miss Evelyn Norlin co-hostess.

Mrs. Evelyn P. Gallor was hostess to the Homebuilders' Sunday school class Tuesday evening, with twenty-three members present. The devotionals were conducted by Mrs. John Burns, which she also read a poem. The following committees were appointed: Hostess, Miss Eva Brown, Mrs. Dorothy Henry, Mrs. Gertrude Brown; Finance, Mrs. Eva Huie, Mrs. Marjorie Gibson, Mrs. Martha Eisenhauer; Flower, Mrs. Elizabeth Chamberlain, Mrs. Esther Moore,

Mrs. Helen Peterson; Membership, Mrs. Vernita Swanson, Mrs. Betty Secor, Mrs. Edna Finerty; Gifts, Mrs. S. Robinson. Mrs. Fanny Jones was presented with a gift from the class. Mrs. Jones moved to Erie Thursday. The October meeting will be held at the home of Mrs. Lulu Carlson.

Mrs. H. B. Russell received word that her brother Charlie J. Johnson of Erie, died Thursday afternoon. Mr. Johnson was a former resident of Sheffield, and would have been 80 years old Oct. 14. He leaves his widow and a son Walter of Erie.

Mrs. Muri Swanson, of Conneaut, Ohio, is spending the week with her parents.

Private 1st Class Leland Engman, from Congaree Air Base, Columbia, S. C., is spending a furlough with Mrs. Engman, and his
